

# MICROMETER SEATER DIES - WHIDDEN GUNWORKS 6MM BRX BULLET SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

For precise, consistent OAL handloads, the internals of the Whidden Seater Die are designed to keep your rounds .... Round. Inside the die is a floating sleeve system helps to improve concentricity – a must for repeatable precision. The Micrometer Adjustable Seating Die has flutes for precise hand adjustment at the loading bench. The depth increments are easily read and will stay that way for years of use.

## 6MM BRX BULLET SEATER DIE Safety Instruction Guide

### Introduction

Thank you for choosing the Whidden Gunworks 6mm BRX Bullet Seater Die. This guide provides essential safety information to ensure the safe and effective use of your die. Please read this document carefully to understand the proper handling, usage, and disposal of the product.

### General Safety Guidelines

- Always ensure that you are using the die in a wellventilated area.
- Keep the work area clean and free of distractions.
- Use protective eyewear and gloves when handling reloading equipment.
- Ensure that the die is used only for its intended purpose.
- Keep the die and all related components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the die.

### Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from sharp edges or moving parts.
  - Risk of improper seating leading to ammunition malfunction.
- **Avoiding Hazards:**
  - Always handle the die with care and avoid direct contact with moving parts.
  - Ensure that the die is securely mounted before use to prevent accidents.
  - Doublecheck your measurements and settings before seating bullets.
  - Do not exceed recommended load specifications as indicated in your reloading manual.
- **AgeSpecific Warnings:**
  - This product is intended for use by individuals aged 18 years and older.
  - Ensure that any younger individuals are supervised by a responsible adult when in the vicinity of the die.

### Instructions for Installation and Usage

- **Installation:**
  1. Select a stable workbench for the installation of the die.
  2. Secure the die in a reloading press according to the manufacturer's instructions.
  3. Ensure that all components are tight and properly aligned.
- **Usage:**
  1. Set the desired bullet seating depth using the micrometer adjustment feature.
  2. Insert the case into the die and ensure it is properly aligned.
  3. Place the bullet on top of the case and slowly lower the seating stem to make contact.
  4. Apply steady pressure to seat the bullet to the desired depth.
  5. Remove the completed round and inspect for proper seating.
  6. Repeat the process as necessary, making adjustments as needed for consistency.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, check for recycling options or designated disposal sites for metal products.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or if you require further assistance, please consult the manufacturer's website or contact their customer support team directly.
