

CASE GAUGES - WHIDDEN GUNWORKS 6.5MM CREEDMOOR CASE GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Whidden Case Gauges can be used to determine your own rifle's headspace and whether or not it falls within SAAMI specifications. Additionally they can be used to determine the headspace of factory ammunition or hand loads and see how they compare with your own chamber. The Case Gauge can also give you information on how to adjust your resizing die to give the optimum amount of shoulder setback during sizing. Case Gauges feature all stainless steel construction. They have easy to read markings and they are calibrated using actual Pacific Tool & Gauge headspace gauges.

Whidden Gunworks 6.5mm Creedmoor Case Gauge Safety Instructions

Introduction

Thank you for choosing the Whidden Gunworks 6.5mm Creedmoor Case Gauge. This product is designed to help you determine the headspace of your rifle and ammunition, ensuring they meet SAAMI specifications. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle the Case Gauge with care to avoid injury.
- Keep the Case Gauge out of reach of children and vulnerable individuals.
- Inspect the Case Gauge for any damage before use. Do not use if damaged.
- Use the Case Gauge only for its intended purpose as described in this guide.
- Report any unsafe product conditions to the relevant authorities immediately.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that your workspace is clean and free from distractions when using the Case Gauge.
- Always wear appropriate safety gear, such as safety glasses, when working with ammunition.
- Do not use the Case Gauge with live ammunition or in a manner that could cause unintentional discharge.
- Follow all local laws and regulations regarding firearms and ammunition handling.
- When measuring headspace, ensure that the rifle is unloaded and pointed in a safe direction.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary tools and materials, including your rifle and ammunition.

2. Using the Case Gauge:

- Place the Case Gauge on a flat, stable surface.
- Insert the cartridge into the Case Gauge, ensuring it fits snugly.
- Check the markings on the Case Gauge to determine if the cartridge meets headspace specifications.
- If adjustments are needed, refer to your resizing die instructions to modify the shoulder setback accordingly.

3. PostUse:

- After using the Case Gauge, clean it with a soft cloth to remove any debris or residue.
- Store the Case Gauge in a safe, dry place away from children and unauthorized users.

Disposal Instructions

- Dispose of the Case Gauge according to local regulations for metal products.
- Do not throw the Case Gauge in regular household waste.
- If the Case Gauge is damaged beyond use, contact your local recycling center for proper disposal options.

Contact Information for Further Support

For any questions or concerns regarding the Whidden Gunworks 6.5mm Creedmoor Case Gauge, please refer to the contact information provided on the product packaging or visit the manufacturer's website for additional support.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority.
