

CASE GAUGES - WHIDDEN GUNWORKS 308 WINCHESTER FAMILY CASE GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Whidden Case Gauges can be used to determine your own rifle's headspace and whether or not it falls within SAAMI specifications. Additionally they can be used to determine the headspace of factory ammunition or hand loads and see how they compare with your own chamber. The Case Gauge can also give you information on how to adjust your resizing die to give the optimum amount of shoulder setback during sizing. Case Gauges feature all stainless steel construction. They have easy to read markings and they are calibrated using actual Pacific Tool & Gauge headspace gauges.

Whidden Gunworks 308 Winchester Family Case Gauge Safety Instructions

Introduction

Thank you for choosing the Whidden Gunworks 308 Winchester Family Case Gauge. This product is designed to help you determine your rifle's headspace and assess the compatibility of factory ammunition or hand loads with your chamber. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Be aware of potential hazards associated with improper use of the Case Gauge.
- Always handle firearms and ammunition responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Regularly check for product recalls or safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the Case Gauge in a welllit and clean environment to avoid accidents.
- Do not use the Case Gauge if it shows signs of damage or wear.
- Ensure the Case Gauge is calibrated correctly before use.
- Avoid forcing cases into the gauge; if resistance is felt, stop and check for compatibility.
- Wear appropriate eye protection when handling ammunition and firearms.
- Always follow safe handling practices when working with firearms and ammunition.

Instructions for Installation and Usage

• Installation:

1. Remove the Case Gauge from its packaging.
2. Inspect the gauge for any visible damage or defects.
3. Place the gauge on a stable, flat surface.

• Usage:

1. To check headspace, insert the cartridge into the gauge.
2. Ensure the cartridge fits comfortably without excessive force.
3. Refer to the markings on the gauge to determine if the cartridge meets SAAMI specifications.
4. If adjusting resizing dies, follow manufacturer instructions to achieve optimal shoulder setback.

Disposal Instructions

- Dispose of the Case Gauge responsibly if it is no longer usable.
- Follow local regulations for the disposal of metal products.
- Do not dispose of the gauge in regular household waste.
