

# A-FRAME HEAVY RIFLE BULLETS - SWIFT BULLET 505 CALIBER (0.505") 570GR ROUND NOSE 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Heavy rifle A-Frame bullets are for use on dangerous game. The bullet initiates expansion at 1650 feet per second on the low end and stays together at 3000+ feet per second on the high end. Controlled expansion of 2x its original caliber and 95%+ weight retention make the A-Frame® bullet superior in downrange energy and stopping power. Terminal performance is unequaled.

# AFRAME HEAVY RIFLE BULLETS SWIFT BULLET 505 CALIBER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the AFrame Heavy Rifle Bullets Swift Bullet 505 Caliber. These bullets are designed for use on dangerous game and are engineered to provide controlled expansion and superior stopping power. This safety instruction guide is designed to help you understand how to use this product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

To ensure safe use of the AFrame Heavy Rifle Bullets, please follow these general safety guidelines:

- Always treat every firearm and ammunition as if they are loaded.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized persons.
- Use only in firearms that are specifically chambered for the 505 caliber.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Inspect bullets for any signs of damage before use. Do not use damaged ammunition.
- Always wear appropriate eye and ear protection when shooting.

## Specific Safety Precautions for Use

When using the AFrame Heavy Rifle Bullets, please observe the following specific safety precautions:

- Ensure that your firearm is in good working condition and properly maintained.
- Use the correct bullet type for your specific firearm to avoid malfunctions.
- Do not exceed the recommended velocity limits; these bullets initiate expansion at 1650 feet per second and maintain performance up to 3000+ feet per second.
- Be aware of your surroundings and ensure a clear shooting area to avoid accidents.
- Do not shoot at hard surfaces or water, as this may cause bullets to ricochet.
- Always be sure of your target and what lies beyond it before firing.

## Instructions for Installation and Usage

Follow these instructions for the safe installation and usage of the AFrame Heavy Rifle Bullets:

### 1. Loading the Bullets:

- Open the box of AFrame Heavy Rifle Bullets.
- Ensure your firearm is pointed in a safe direction.
- Follow your firearm's manual for proper loading procedures.

### 2. Shooting:

- Position yourself in a stable shooting stance.
- Aim carefully at your target.
- Pull the trigger smoothly to fire.

### 3. PostShooting:

- After shooting, ensure the firearm is unloaded before handling.
- Inspect the firearm for any malfunctions or issues.

- Store any unused bullets in their original packaging in a secure location.

## Disposal Instructions

Proper disposal of used or damaged ammunition is crucial for safety:

- Do not dispose of bullets in regular household trash.
- Contact your local authorities for guidance on proper disposal methods for ammunition.
- Follow any local regulations regarding hazardous waste disposal.

## Contact Information for Further Support

For any safety inquiries or concerns related to the AFrame Heavy Rifle Bullets, please contact the relevant authorities or your local dealer for assistance.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your AFrame Heavy Rifle Bullets. Always prioritize safety and be aware of your responsibilities as a firearm owner. Thank you for your attention to these important safety practices.
