

6MM CREEDMOOR BRASS CASE - 6MM CREEDMOOR BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Attributes

- Name: [6MM CREEDMOOR BRASS 50/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016375

Safety Instruction Guide for 6MM Creedmoor Brass Case

Introduction

Thank you for choosing the 6MM Creedmoor Brass Case by Hornady. This product is designed for use in rifle cartridges and is manufactured to high safety standards. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure safe handling of all brass cases and associated ammunition components.
- Keep the product out of reach of children and vulnerable individuals.
- Always follow local laws and regulations regarding ammunition and firearms.
- Check for any product recalls or safety updates on the EU Safety Gate platform.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always inspect brass cases before use for any signs of damage or defects.
- Do not use brass cases that show signs of wear, corrosion, or deformation.
- Use only compatible bullets and powder as specified by the manufacturer.
- Wear appropriate safety gear, including eye and ear protection, when reloading ammunition.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Avoid using brass cases that have been previously reloaded beyond their recommended limits.

Instructions for Installation and Usage

1. Preparation for Reloading:

- Gather all necessary reloading equipment and components, including the 6MM Creedmoor brass cases.
- Ensure your workspace is clean and organized to minimize hazards.

2. Inspecting Brass Cases:

- Check each brass case for cleanliness and integrity.
- Remove any debris or residue from the inside and outside of the cases.

3. Priming and Reloading:

- Follow the reloading manual specific to the 6MM Creedmoor for proper powder charges and bullet seating depth.
- Use a reliable reloading press and ensure it is properly calibrated.

4. Final Inspection:

- After reloading, visually inspect each round to ensure proper assembly.
- Check for any signs of bulging or irregularities in the brass.

5. Storage of Loaded Ammunition:

- Store loaded ammunition in a secure and dry location.
- Keep ammunition in its original packaging or in a designated container.

Disposal Instructions

- Dispose of used brass cases responsibly by recycling them where possible.
- Do not discard brass cases in regular trash.
- Follow local regulations for proper disposal of ammunition components.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 6MM Creedmoor Brass Case, please refer to the manufacturer's contact information provided on the packaging or the official website.

Thank you for prioritizing safety while using the 6MM Creedmoor Brass Case. Your adherence to these guidelines helps ensure a safe and enjoyable reloading experience.
