

COMPETITION BUSHING NECK DIE SETS - REDDING 30 NOSLER

COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Attributes

- Name: [REDDING 30 NOSLER COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749016560
- Mfr. No.: 58817

Safety Instruction Guide for Redding Competition Bushing Neck Die Sets

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set designed for the 30 Nosler cartridge. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die set.

General Safety Guidelines

- Always handle the die set with care to avoid injury.
- Ensure that you are familiar with the operation of reloading equipment before use.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any damage or defects before each use.
- Use the die set only for its intended purpose as described in this guide.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses, to protect against debris.
- Ensure that the work area is clean, dry, and free from distractions.
- Avoid wearing loose clothing or jewelry that may get caught in machinery.
- Do not attempt to modify or alter the die set in any way.
- Always follow the manufacturer's instructions for the proper use of the die set.
- Be aware of the potential hazards associated with reloading, including the risk of injury or property damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components required for reloading, including the die set, cartridge cases, and reloading press.
- Ensure that your work area is welllit and organized.

2. Installing the Die Set:

- Secure the body die into the reloading press as per the manufacturer's instructions.
- Adjust the die to the desired position for fulllength resizing.
- Insert the bushing neck sizing die into the press and ensure it is properly aligned.
- Attach the competition bullet seater to the press, ensuring it is securely fastened.

3. Using the Die Set:

- Begin by resizing the cartridge cases using the body die. Follow the specific instructions for your press model.
- After resizing, use the neck sizing die to size the neck of the cartridge case. Ensure the bushing is properly selected for the desired neck tension.
- Adjust the micrometer settings on the bushing neck sizing die to achieve the desired neck length.
- Once the neck is sized, proceed to seat the bullets using the competition bullet seater. Adjust the seating depth as needed.

4. PostUsage:

- After completing the reloading process, clean the die set to remove any residue or debris.
- Store the die set in a safe and dry location, away from children and pets.

Disposal Instructions

- Dispose of any damaged or worn components of the die set according to local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die set in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Redding Competition Bushing Neck Die Set, please contact the relevant EUbased support service.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your attention to these important safety measures.
