

# PREMIUM DELUXE DIE SETS - REDDING 280 ACKLEY IMPROVED PREMIUM SERIES DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

# Safety Instruction Guide for PREMIUM DELUXE DIE SETS REDDING 280 ACKLEY IMPROVED PREMIUM SERIES DELUXE DIE SET

## Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety information and instructions to ensure the safe and effective use of your die set. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the die set is used only by individuals who are familiar with reloading practices and safety protocols.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the handling and use of ammunition components.

## Specific Safety Precautions for Use

- **Carbide Size Button:** The carbide size button in the fulllength sizing die can reduce the effort needed for resizing. However, ensure that the die is properly set up before use to avoid potential accidents.
- **Bullet Seating Micrometer:** Adjust the bullet seating depth incrementally to prevent overseating, which can lead to dangerous pressure levels.
- **Neck Sizing Die:** Use the neck sizing die only for cases that will be fired in the same chamber to avoid potential safety hazards.
- **Proper Ventilation:** Ensure that your reloading area is wellventilated to avoid inhaling any dust or particles generated during the reloading process.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully unpack the die set and inspect all components for damage.
- Follow the manufacturer's instructions for installing the dies into your reloading press.
- Ensure that all components are securely tightened to prevent any movement during operation.

### 2. Usage:

- Set the fulllength sizing die with the carbide size button first. Adjust the die according to the specific measurements for your cartridge (280 Ackley Improved).
- Use the bullet micrometer seating die to adjust the seating depth of your bullets. Make small adjustments and test for proper fit and function.
- When using the neck sizing die, ensure that it is set correctly for the specific cases being resized.

### 3. PostUse:

- Clean the dies after each use to prevent buildup of residue and ensure longevity.
- Store the die set in a dry, cool place, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any damaged or unusable parts of the die set in accordance with local regulations.
- Do not throw away the die set in regular household waste. Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Premium Deluxe Die Set, please reach out to the appropriate support channels available in your region. Ensure you have your product details available for a more efficient response.

By following these guidelines, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing Redding!
