

NECK SIZING DIES - REDDING 6MM CREEDMOOR NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

NECK SIZING DIES REDDING 6MM CREEDMOOR

NECK SIZING DIE Safety Instruction Guide

Introduction

Thank you for choosing the Redding Neck Sizing Die for your 6mm Creedmoor ammunition. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure that all tools and equipment are in good working condition before use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a safe place out of reach of children and vulnerable individuals.
- Be aware of your surroundings and avoid distractions while using the die.

Specific Safety Precautions for Use

- Only use the neck sizing die with 6mm Creedmoor bottleneck cases.
- Never interchange fired cases between different rifles, as neck sizing dies do not resize the shoulder or body.
- Follow the manufacturer's instructions for proper setup and use of the die.
- Do not attempt to modify or alter the die in any way.
- If you notice any damage or wear to the die, discontinue use immediately and contact a professional for inspection.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Redding Neck Sizing Die.
- Securely attach the die to the press according to the manufacturer's instructions.
- Adjust the die to the desired position to ensure proper sizing of the neck.

2. Usage:

- Begin by inspecting the fired cases for any signs of damage or excessive wear.
- Clean the cases thoroughly before sizing to remove any debris or contaminants.
- Insert the case into the die and apply steady pressure using the reloading press.
- Withdraw the case once the sizing process is complete and inspect it for proper sizing.

Disposal Instructions

- Dispose of any damaged or unusable cases in accordance with local regulations.
- Do not dispose of the die in regular household waste. Follow proper disposal procedures for metal tools and equipment.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Redding Neck Sizing Die. Always prioritize safety and adhere to best practices when reloading ammunition. Thank you for your attention to these important safety measures.
