# Safety Instructions for Redding 243 WSSM Instant Indicator

## Introduction

Thank you for purchasing the Redding 243 WSSM Instant Indicator. This precision tool is designed to assist hand loaders in measuring headspace and bullet seating depth effectively. To ensure your safety and the optimal use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always ensure that the tool is used in accordance with the manufacturer's instructions.
- Keep the Instant Indicator out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if any components are damaged or missing.
- Use the tool only for its intended purpose as described in the product specifications.
- Store the tool in a safe, dry place when not in use to prevent damage and ensure longevity.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are wearing appropriate safety gear, such as safety glasses, when using the tool.
- Avoid using the tool in wet or damp conditions to prevent electrical hazards.
- Do not apply excessive force when using the Instant Indicator, as this may cause damage or inaccurate measurements.
- Be mindful of sharp edges or points on the tool to avoid cuts or injuries.
- Keep your work area clean and organized to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Unpacking the Tool:

- Carefully remove the Instant Indicator from its packaging.
- Ensure all components are included: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and dial indicator.

### 2. Setting Up the Tool:

- Select the appropriate bore diameter bushing for your application.
- Attach the surface contactor and shoulder contactor securely to the main body of the tool.

### 3. Using the Instant Indicator:

- To measure headspace:
  - Insert a fired case into the tool.
  - Adjust the dial indicator to read the headspace measurement.
- To check bullet seating depth:
  - Place a loaded round in the tool.
  - Observe the dial indicator for the seating depth measurement.
- Perform the necessary comparisons as needed for uniformity.

### 4. PostUse Care:

- Clean the tool after each use to remove any debris or residue.

- Store the tool in its original packaging or a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of the Instant Indicator and its components in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for designated recycling facilities for tools and equipment.

## **Contact Information for Further Support**

For any questions regarding the use of the Redding 243 WSSM Instant Indicator, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website for further assistance.

Thank you for choosing the Redding 243 WSSM Instant Indicator. By following these safety instructions, you can ensure a safe and effective experience with your new tool.
