Redding 300 Winchester Magnum Instant Indicator Safety Instructions

Introduction

Thank you for choosing the Redding 300 Winchester Magnum Instant Indicator. This precision tool is designed to assist hand loaders in achieving optimal headspace and bullet seating depth. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the tool with care to avoid injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- Use the tool only for its intended purpose as described in this manual.
- If you notice any malfunction or irregularity during use, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- **Headspace Measurement:** Ensure that you understand how to properly measure headspace before using the tool. Incorrect measurements can lead to unsafe ammunition.
- **Bullet Seating Depth:** Always verify bullet seating depth to avoid excessive pressure when firing.
- **Sorting Cases and Bullets:** When sorting fired cases and bullets, ensure you are wearing appropriate safety gear, such as safety glasses.
- **Sizing Die Setup:** Follow the manufacturer's instructions carefully when setting up the sizing die to prevent accidents.
- **Trim Length:** Regularly check trim lengths to ensure uniformity and safety in ammunition loading.

Instructions for Installation and Usage

1. Unpacking the Tool:

- Carefully remove the tool from its packaging.
- Ensure all components are present: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and dial indicator.

2. Setting Up the Tool:

- Select the appropriate bore diameter bushing for your application.
- Attach the surface contactor and shoulder contactor securely.
- Ensure the dial indicator is calibrated and functioning properly.

3. Using the Tool:

- To measure headspace:
 - Insert a fired case into the tool.
 - Adjust the contactor until it rests against the shoulder of the case.
 - Read the measurement on the dial indicator.
- To check bullet seating depth:
 - Insert a loaded round into the tool.
 - Adjust the contactor until it contacts the bullet.
 - Read the measurement on the dial indicator.
- Follow the same procedure for sorting cases and checking uniformity.

4. PostUse Care:

- Clean the tool after each use to maintain accuracy and longevity.
- Store the tool in a safe, dry place away from children.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste if it is damaged or no longer functional. Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding the Redding 300 Winchester Magnum Instant Indicator, please reach out to the manufacturer or your point of purchase.

By following these safety instructions, you can ensure a safe and effective experience with your Redding 300 Winchester Magnum Instant Indicator. Thank you for prioritizing safety in your reloading practices.
