

# 260 REMINGTON UNPRIMED BRASS - 260 REMINGTON BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady Brass Cases feature tight wall concentricity that helps to ensure proper bullet seating in both the case and the chamber of your firearm. Higher concentricity also aids in a uniform release of the bullet on firing, for optimal velocity and accuracy. Benchrest shooters have long known that uniform case wall thickness is vital to accuracy. Hornady manufactures to extremely tight tolerances to ensure this critical element is as consistent as possible. They treat Hornady brass as the foundation for an accurate cartridge, not a commodity. Because they take greater care in its creation you'll get more reloads from Hornady brass. Every single Hornady case, regardless of the lot in which it was produced, is virtually identical to other Hornady cases in the same caliber. For you, this means consistent pressures, velocity and accuracy — every time.

## Attributes

- Name: [260 REMINGTON BRASS 50/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016784
- Mfr. No.: 8632
- Náboje: 260 Remington
- Rounds: 50
- Quantity: 50
- Delivery weight: 0.454kg
- Shipping height: 44mm
- Shipping width: 114mm
- Shipping length: 203mm
- UPC: 090255486322

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 260 Remington Unprimed Brass

## Introduction

Thank you for choosing Hornady 260 Remington Unprimed Brass. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow all instructions carefully to minimize risks and maximize performance.

## General Safety Guidelines

- Ensure that all users are familiar with the safe handling and storage of ammunition components.
- Always wear appropriate safety gear, including eye protection, when reloading or handling brass cases.
- Keep brass cases out of reach of children and pets.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect brass cases for signs of damage or wear before use.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper handling may lead to accidents or injury.
  - Using damaged or defective brass can cause firearm malfunctions.
- **Instructions to Avoid Hazards:**
  - Always check each brass case for signs of deformation, cracks, or other defects before use.
  - Do not use brass cases that have been previously fired or are not Hornady brand unless you are certain of their condition.
  - Follow all reloading guidelines provided by your firearm manufacturer.
- **Age Specific Warnings:**
  - This product is intended for adult use only. Keep out of reach of children.

## Instructions for Installation and Usage

- **Preparation:**
  - Gather all necessary tools and materials for reloading.
  - Ensure your workspace is clean and organized to prevent accidents.
- **Loading the Brass:**
  - Insert the appropriate primer into the brass case.
  - Measure and add the correct amount of gunpowder according to your reloading manual.
  - Seat the bullet firmly into the brass case, ensuring it is aligned properly.
- **Post Reloading:**
  - Inspect each loaded round for proper seating and overall quality.
  - Store loaded rounds in a safe, secure location.

## Disposal Instructions

- Dispose of any damaged or unusable brass cases according to local regulations.
- Do not discard brass in regular trash. Instead, consider recycling options available in your area.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of Hornady 260 Remington Unprimed Brass, please consult the manufacturer's website or contact their customer service.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Hornady brass. Thank you for your attention to safety!
