MATCH GRADE RIFLE DIE SETS 300 WSM FULL LENGTH 2DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Rifle Die Sets 300 WSM Full Length 2Die Set. This product is designed for precision reloading, ensuring optimal performance for your shooting needs. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Ensure that your workspace is clean, organized, and free from distractions.
- Store all components, including dies and bushings, out of reach of children and pets.
- Follow all local laws and regulations regarding ammunition reloading.
- Use the dies only for the specified cartridge (300 WSM) to avoid potential hazards.
- Regularly inspect your equipment for wear or damage before use.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris and potential hazards.
- Use gloves to protect your hands from sharp edges and chemicals.
- Ensure that the press is securely mounted to a stable surface before use.
- Do not exceed recommended load limits as specified in reloading manuals.
- Avoid distractions while using the dies and during reloading processes.
- If you notice any unusual sounds or resistance during operation, stop immediately and inspect the equipment.
- Do not attempt to modify the dies or any components.

Instructions for Installation and Usage

1. Installation of the Die Set

- Unpack the die set and ensure all components are included: Full Length Bushing Die, Seater Die, and Dies Storage Box.
- Securely mount the press to a stable workbench or surface.
- Follow the manufacturer's instructions to install the Full Length Bushing Die into the press.
- Insert the appropriate neck size bushing into the Full Length Bushing Die.

2. Using the Full Length Bushing Die

- Adjust the die according to the manufacturer's instructions for desired neck sizing.
- Place the case into the shell holder and engage the ram to size the case.
- Remove the case and check for proper neck tension.

3. Using the Seater Die

- Install the Seater Die into the press following the manufacturer's instructions.
- Adjust the die to achieve the desired bullet seating depth.
- Place the charged case into the shell holder and insert the bullet into the case mouth.
- Engage the ram to seat the bullet to the specified depth.

4. Storage and Maintenance

- After use, clean the dies and store them in the provided storage box.
- Keep neck bushings stored separately and organized for easy access.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of any components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Hornady Match Grade Rifle Die Sets, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with your Hornady Match Grade Rifle Die Sets. Remember to prioritize safety at all times while reloading. Thank you for your attention and enjoy your precision reloading experience!
