

MATCH GRADE BUSHING - .291" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.291" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016868
- Mfr. No.: 594291

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the MATCH GRADE BUSHING .291" DIAMETER MATCH BUSHING by Hornady. This product is designed for precision reloading and offers various features for optimal performance. This safety instruction guide is created to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the entire instruction manual before using the product.
- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- In case of any malfunction or abnormal behavior, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety glasses and gloves when handling and using the bushing.
- Ensure that the reloading area is wellventilated and free from flammable materials.
- Do not exceed the recommended sizing specifications to avoid damaging the cases or the bushing.
- Always store the bushings in a secure and dry location to prevent rust or corrosion.
- Avoid using the product if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation of the Bushing:

- Ensure the Match Grade Die is clean and free from debris.
- Carefully insert the selected bushing into the die, ensuring it is seated properly.
- Tighten the die lock ring to secure the bushing in place.

2. Using the Match Grade Full Length Die:

- Set up the die in your reloading press according to the manufacturer's instructions.
- Insert the case into the shell holder and raise the ram to size the case body, bump the shoulder, and size the case neck with the selected bushing.
- Lower the ram and remove the sized case.

3. Using the Match Grade Neck Die:

- Set up the neck die in your reloading press.
- Insert the case into the shell holder and raise the ram to size the neck with the installed bushing and bump the shoulder.
- Lower the ram and remove the sized case.

4. PostUsage Care:

- Clean the bushing and die after each use to remove any residue or debris.
- Store the bushing in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and nonmetal waste.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the MATCH GRADE BUSHING, please refer to the manufacturer's website or customer support channels for assistance. Ensure you have the product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and effective reloading experience with the MATCH GRADE BUSHING. Thank you for your attention to safety and compliance.
