

MATCH GRADE BUSHING - .308" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.308" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016873
- Mfr. No.: 594308

MATCH GRADE BUSHING .308" DIAMETER MATCH BUSHING Safety Instructions

Introduction

Thank you for choosing the MATCH GRADE BUSHING .308" DIAMETER MATCH BUSHING by Hornady. This product is designed for precision reloading, allowing you to customize the neck sizing of your casings for optimal bullet tension. It is essential to follow safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure the workspace is clean, dry, and welllit.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
 - Wear safety glasses to protect your eyes from debris.
 - Use gloves to protect your hands from sharp edges and brass shavings.
- **Handling and Storage:**
 - Store the bushings in a secure location to prevent accidental access.
 - Avoid exposing the bushings to extreme temperatures or humidity.
- **During Use:**
 - Ensure the bushing is properly installed before resizing cases.
 - Do not exceed the recommended sizing increments to avoid damaging the brass.
 - Be cautious of sharp edges when handling the bushings.
 - Never use damaged or worn bushings; replace them immediately.

Instructions for Installation and Usage

1. Installation of the Bushing:

- Ensure that the Match Grade Full Length Die or Neck Die is clean and free from debris.
- Select the appropriate bushing for your desired neck tension.
- Insert the bushing into the die, ensuring it is seated correctly.
- Tighten the locking mechanism to secure the bushing in place.

2. Resizing Cases:

- Place the case into the die with the bushing installed.
- Use a reloading press to apply steady pressure while resizing the case neck.
- Monitor the tension by checking the fit of the bullet in the resized case.
- If necessary, adjust the bushing size incrementally to achieve the desired tension.

3. Decapping:

- The selfcentering decap spindle allows for easy removal of spent primers.
- Ensure that the spindle is properly aligned with the case before applying pressure.

4. PostUse Care:

- Clean the bushings and dies after each use to prevent buildup of brass shavings and debris.
- Store the bushings in a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Recycle brass materials when possible, following your local recycling guidelines.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MATCH GRADE BUSHING .308" DIAMETER MATCH BUSHING, please refer to the contact details provided by the manufacturer or visit their website. Ensure that you have the product information ready for a quicker response.

By following these safety instructions, you can ensure a safe and effective reloading experience with your MATCH GRADE BUSHING. Always prioritize safety and proper handling to maximize the longevity and performance of your product.
