

MATCH GRADE BUSHING - .333" DIAMETER MATCH BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [.333" DIAMETER MATCH BUSHING](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016884
- Mfr. No.: 594333

Safety Instruction Guide for MATCH GRADE BUSHING .333" DIAMETER MATCH BUSHING

Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed for precision neck sizing in reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information about product safety, usage precautions, and disposal instructions.

General Safety Guidelines

- Ensure safe use of the bushing by following all instructions.
- Be aware that improper use can lead to accidents or injuries.
- Always handle tools and equipment with care to prevent damage and ensure safety.
- Keep the bushing and all reloading equipment out of reach of children and vulnerable individuals.
- Regularly check for any updates or recalls related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Inspect the bushing for any signs of damage or wear before each use. Do not use if damaged.
- Ensure that the bushing is properly installed in the die before use.
- Do not exceed the recommended sizing increments. Using bushings beyond their specifications may lead to oversizing or damage.
- Avoid using excessive force when sizing cases to prevent injury or equipment failure.
- Store the bushing in a clean, dry place when not in use to preserve its integrity.

Instructions for Installation and Usage

1. Installation of the Bushing:

- Ensure the die is clean and free from debris.
- Select the appropriate bushing for the desired neck tension.
- Insert the bushing into the neck sizing die until it is firmly seated.
- Secure the bushing in place according to the manufacturer's instructions.

2. Usage:

- Set up your reloading press according to the manufacturer's guidelines.
- Place the case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the bushing.
- Apply steady, even pressure to size the case neck. Do not use excessive force.
- After sizing, lower the ram and remove the case from the press.
- Inspect the sized case for proper neck tension and overall integrity.

3. Maintenance:

- Clean the bushing after each use to remove any residue.
- Store the bushing in its original packaging or a designated storage container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw the bushing in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any questions or concerns regarding the use of the Match Grade Bushing, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure that you have the latest information and updates regarding safety and product usage.

Thank you for your attention to these safety guidelines. Your safety is our priority.
