

# MATCH GRADE FULL LENGTH SIZING DIES - 260 REMINGTON

## MATCH GRADE FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

### Ensure Accurate Resizing for Your 300 PRC Loads

The Hornady+ match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

### Attributes

- Name: [260 REMINGTON MATCH GRADE FULL LENGTH DIE](#)

# Safety Instruction Guide for MATCH GRADE FULL LENGTH SIZING DIES 260 REMINGTON

## Introduction

Thank you for choosing the Hornady Match Grade Full Length Sizing Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual thoroughly before using the dies.

## General Safety Guidelines

- Ensure that your workspace is clean and organized to prevent accidents.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Be aware of the specific cartridge specifications and ensure compatibility before use.
- Regularly inspect your dies for any signs of wear or damage before use.
- Follow all local regulations and guidelines regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Always use the sizing dies in a wellventilated area to avoid inhaling any dust or particles.
- Never attempt to modify the dies or use them for purposes other than their intended use.
- Ensure that the die is properly secured in the reloading press before use.
- Use the correct size bushing for your specific bullet tension requirements to avoid oversizing.
- Do not exceed recommended load limits for the cartridge being reloaded.
- If you experience any unusual resistance while sizing, stop immediately and inspect the die and case for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Select the appropriate bushing for your desired neck tension.
- Insert the Match Grade Full Length Die into the reloading press and tighten securely.
- Attach the selfcentering decap spindle and ensure it is properly aligned.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it is seated correctly.
- Apply even pressure on the press handle to size the case.
- Remove the case from the die and inspect it for proper sizing.
- Repeat the process for each case, ensuring to use the correct bushing for neck sizing.

### 3. Decapping:

- The selfcentering decap spindle will remove the spent primer during the sizing process.
- Ensure that the spent primer collection area is empty before starting.

## **Disposal Instructions**

- Dispose of any damaged or worn dies according to local regulations.
- Recycle brass cases and other metal components where possible.
- Follow local guidelines for the disposal of hazardous materials, including spent primers and chemicals used in cleaning.

## **Contact Information for Further Support**

For any questions or concerns regarding the Hornady Match Grade Full Length Sizing Dies, please reach out to your local retailer or visit the manufacturer's website for additional support and resources.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Hornady Match Grade Full Length Sizing Dies. Thank you for prioritizing safety in your reloading practices.
