

MATCH GRADE FULL LENGTH SIZING DIES - 300 REMINGTON ULTRA MAGNUM MATCH GRADE FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Ensure Accurate Resizing for Your 300 PRC Loads

The Hornady+ match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [300 REMINGTON ULTRA MAGNUM MATCH GRADE FULL LENGTH DIE](#)
- Manufacturer: [HORNADY](#)

MATCH GRADE FULL LENGTH SIZING DIES 300 REMINGTON ULTRA MAGNUM Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Full Length Sizing Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before use to understand how to operate the dies safely and effectively.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Ensure that the dies are used only for their intended purpose, which is to resize cases for the 300 Remington Ultra Magnum cartridge.
- Store the dies in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the dies for wear or damage before use. Do not use damaged dies.
- Follow all local laws and regulations regarding the handling and use of reloading equipment.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the reloading press before use to prevent movement during operation.
- Use the appropriate bushing for your desired case neck tension to avoid oversizing and damaging the brass.
- Always check the manufacturer's guidelines for the correct setup and operation of the dies.
- Be aware of the potential for brass shavings and debris during sizing. Keep hands clear of moving parts.
- Do not exceed recommended pressures or load specifications when using the dies.
- Ensure that the press is in good working condition and that all components are functioning properly before starting the reloading process.

Instructions for Installation and Usage

Installation

1. Mounting the Die:

- Securely attach the Match Grade Full Length Die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press ram.

2. Selecting the Bushing:

- Choose the appropriate neck sizing bushing based on the desired bullet tension. Bushings are available in .002 inch increments.
- Install the selected bushing into the die, ensuring it is seated correctly.

Usage

1. Preparing Cases:

- Inspect cases for any signs of damage or excessive wear before resizing.
- Clean cases to remove any dirt or debris.

2. Resizing Process:

- Insert a case into the die and raise the press handle to begin the sizing process.
- Lower the press handle to complete the sizing operation.
- Remove the resized case and inspect it for proper sizing.

3. Bumping the Shoulder:

- If necessary, adjust the die to bump the shoulder of the case as per your reloading specifications.

4. Final Inspection:

- After resizing, ensure that the case meets the required specifications for your reloading needs.

Disposal Instructions

- Dispose of any worn or damaged dies according to local regulations.
- Recycle brass cases and other materials where possible.
- Do not dispose of any hazardous materials in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact your local Hornady representative or consult the manufacturer's website for additional resources and support.

Thank you for your attention to these safety instructions. Safe reloading practices will ensure a successful and enjoyable experience with your Hornady Match Grade Full Length Sizing Dies.
