

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 6MM CREEDMOOR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

# Safety Instructions for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6MM CREEDMOOR

## Introduction

Thank you for purchasing the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6MM CREEDMOOR. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the die, and keep it for future reference.

## General Safety Guidelines

- Ensure that all safety protocols are followed during the use of this product.
- This product is designed for reloading ammunition and should only be used by individuals who are knowledgeable about reloading practices.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of damage or wear before use.
- If you notice any unusual behavior or performance, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The resizing bushing can cause injury if it comes into contact with skin. Handle with care.
  - The decapping rod may have sharp edges. Use caution when handling.
- **Avoiding Hazards:**
  - Always ensure that the die is securely mounted before use to prevent accidents.
  - Do not exceed the recommended sizing bushing specifications to avoid damaging the die or the cases.
  - Do not attempt to modify the die or its components.
- **Age Restrictions:**
  - This product is not intended for use by individuals under the age of 18. Ensure that only qualified adults operate the die.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is clean and free from debris.
- Securely mount the TYPE S BUSHING NECK DIE onto the reloading press, following the manufacturer's instructions.
- Adjust the decapping rod to the desired height according to the length of the case neck being resized.

### 2. Usage:

- Select the appropriate sizing bushing based on the desired neck tension and case specifications.
- Insert the bushing into the die, ensuring it is properly seated.
- Place the case into the shell holder of the reloading press.
- Slowly and steadily operate the press to resize the case neck. Monitor the process to ensure consistent sizing.
- After resizing, inspect the case for uniformity and proper fit.

### 3. **PostUse:**

- Carefully remove the bushing and clean the die to prevent residue buildup.
- Store the die in a safe, dry location when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn components according to local regulations.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods for reloading equipment.
- If the product is no longer usable, consider recycling materials where applicable.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6MM CREEDMOOR. Always prioritize safety and adhere to best practices in reloading to avoid accidents and ensure quality ammunition. Thank you for your attention to these guidelines.
