

6MM CREEDMOOR BODY DIE - REDDING 6MM CREEDMOOR BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding 6mm Creedmoor Body Dies are designed to gull length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Each Body Dies is made without internal parts and intended for use only to resize cases which have become increasingly difficult to chamber after repeated firing and neck sizing.

Safety Instruction Guide for Redding 6MM Creedmoor Body Die

Introduction

Thank you for choosing the Redding 6MM Creedmoor Body Die. This product is designed to help you resize cartridge cases for optimal performance. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use.
- Use the product only for its intended purpose.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure you are wearing appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Do not modify the die in any way, as this may compromise safety and performance.
- Avoid using the die on cases that are excessively worn or damaged.
- Ensure that your reloading equipment is in good working condition before use.
- Never leave the die unattended while in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the Redding 6MM Creedmoor Body Die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

2. Usage:

- Begin by inspecting the cases you intend to resize. Look for signs of wear or damage.
- Lubricate the cases lightly to prevent sticking in the die.
- Place the case in the shell holder of the reloading press.
- Raise the ram to push the case into the die, resizing the body and bumping the shoulder.
- Once the resizing is complete, lower the ram and remove the resized case.
- Check the resized case for proper dimensions and ensure it chambers correctly in your firearm.

Disposal Instructions

- Dispose of any damaged or unusable parts according to local regulations.
- Do not throw the die in regular trash if it is still functional; consider donating it to a local shooting club or reloading enthusiast.
- Follow local guidelines for the disposal of any lubricants or cleaning materials used with the die.

Contact Information for Further Support

For any questions or concerns regarding the Redding 6MM Creedmoor Body Die, please refer to the manufacturer's contact details provided on the product packaging or their official website.

Please ensure you keep this safety instruction guide for future reference. Your safety is our priority, and we appreciate your attention to these guidelines. Enjoy your reloading experience!
