

# COMPETITION BUSHING NECK DIE SETS - REDDING 6MM CREEDMOOR COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

## Attributes

- Name: [REDDING 6MM CREEDMOOR COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749017117
- Mfr. No.: 58443
- Cartridge: 6mm Creedmoor

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die set.

## General Safety Guidelines

To ensure the safety of yourself and others while using the Redding Competition Bushing Neck Die Set, please follow these general safety guidelines:

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading equipment.
- Keep your workspace clean and organized to prevent accidents.
- Ensure proper ventilation in your workspace when using any chemicals or materials associated with reloading.
- Store all components, including the die set, bushings, and shellholder, in a safe and secure location, away from children and unauthorized users.
- Familiarize yourself with the die set and its components before use. Read all instructions thoroughly.

## Specific Safety Precautions for Use

When using the Redding Competition Bushing Neck Die Set, please adhere to the following safety precautions:

- **Potential Hazards:**

- Improper use can lead to personal injury or damage to the die set and reloaded ammunition.
- Risks associated with handling and storing ammunition and reloading components.

- **Avoiding Hazards:**

- Do not exceed the recommended specifications for the die set.
- Ensure that the cartridge case is properly aligned and supported in the die before resizing.
- Do not attempt to modify or repair the die set yourself. Contact a qualified technician for assistance.

- **Age Restrictions:**

- This product is intended for use by adults. Keep out of reach of children.

## Instructions for Installation and Usage

To ensure the safe and effective operation of your Redding Competition Bushing Neck Die Set, follow these instructions:

1. **Installation:**

- Securely mount the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

## 2. Using the Competition Bushing Neck Sizing Die:

- Insert the cartridge case into the die, ensuring it is fully supported.
- Adjust the micrometer to the desired neck length before beginning the sizing process.
- Operate the press slowly and steadily, allowing the resizing bushing to selfcenter on the case neck.

## 3. Using the Body Die:

- Insert the cartridge case into the body die.
- Operate the press to resize the case body and bump the shoulder position, ensuring proper chambering.

## 4. Using the Competition Bullet Seater:

- Place the bullet into the seating stem.
- Adjust the seating depth using the micrometer for precision.
- Press the cartridge case into the seating stem to seat the bullet securely.

## 5. PostUsage:

- Clean the die set after each use to remove any residue or debris.
- Store the die set and its components in a dry, secure location.

## Disposal Instructions

When disposing of any reloading components or materials, please follow these guidelines:

- Dispose of spent cartridge cases and other materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular waste. Contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact information provided with the product packaging or on their official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set. Thank you for your attention to safety.
