

6.5 GRENDEL BODY DIE - REDDING 6.5 GRENDEL BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding 6.5 Grendel Body Dies are designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Each Body Die is made without internal parts and intended for use only to resize cases which have become increasingly difficult to chamber after repeated firing and neck sizing.

Safety Instruction Guide for Redding 6.5 Grendel Body Die

Introduction

Thank you for choosing the Redding 6.5 Grendel Body Die. This product is designed to help you resize cases for proper chambering, ensuring optimal performance and safety during use. This safety instruction guide provides essential information on how to use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the Redding 6.5 Grendel Body Die is used only for its intended purpose of resizing cases.
- Always follow the manufacturer's instructions when using the die.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Do not attempt to modify the die or use it for any purpose other than resizing cases.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and operating the die.
- Ensure that your workspace is clean and free of any obstructions before beginning the resizing process.
- Avoid wearing loose clothing or accessories that may become entangled during operation.
- Never exceed the recommended pressure limits when using the die, as this may lead to equipment failure or injury.
- Be cautious when handling resized cases, as they may have sharp edges.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Redding 6.5 Grendel Body Die.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Make sure the die is tightened properly to prevent movement during operation.

2. Usage:

- Prepare the cases by cleaning and inspecting them for any damage.
- Insert the case into the die and ensure it is properly positioned.
- Slowly operate the reloading press to resize the case body and bump the shoulder position.
- After resizing, remove the case from the die and inspect it for proper dimensions.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any damaged or wornout components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the Redding 6.5 Grendel Body Die, please refer to the manufacturer's official contact channels for assistance.

Thank you for prioritizing safety while using the Redding 6.5 Grendel Body Die. Your compliance with these guidelines helps ensure not only your safety but also the safety of others around you.
