

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 6.5 GRENDEL

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 6.5 GRENDEL](#)
- Manufacturer: [REDDING](#)
- Product no.: 749017122
- Mfr. No.: 56478
- Cartridge: 6.5 Grendel
- Die Style: -
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 102mm
- Shipping length: 152mm
- UPC: 611760564789

Safety Instruction Guide for Redding Competition Bushing Neck Die 6.5 Grendel

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 6.5 Grendel. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the die and all related tools out of reach of children and unauthorized users.
- Inspect the die for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Do not exceed the recommended specifications for the die as stated by the manufacturer.
- Always ensure that the cartridge case is properly supported and aligned before beginning the sizing process.
- Avoid using excessive force during operation to prevent injury and damage to the die.
- Ensure that the workspace is clean and free from distractions while using the die.
- Use only compatible bushings and shellholders as specified by the manufacturer.
- If you experience any unusual resistance or difficulty during operation, stop immediately and inspect the die and cartridge case for issues.

Instructions for Installation and Usage

1. Installation

- Securely mount the die in a compatible reloading press according to the manufacturer's instructions.
- Ensure that the die is properly tightened to prevent movement during operation.

2. Usage

- Insert the cartridge case into the die, ensuring it is fully seated and aligned with the sizing bushing.
- Gradually raise the ram of the reloading press to begin the sizing process. Monitor the alignment throughout.
- Adjust the micrometer setting on the bushing to achieve the desired neck length.
- After sizing, carefully lower the ram and remove the cartridge case from the die.

Disposal Instructions

- Dispose of all materials and components of the die in accordance with local waste management regulations.
- Do not dispose of the die in regular household waste. Check for recycling options specific to metal and plastic components.

Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the product packaging for contact information or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Redding Competition Bushing Neck Die 6.5 Grendel.
