

COMPETITION BUSHING NECK DIE SETS - REDDING 6.5X47MM

LAPUA COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Attributes

Safety Instruction Guide for Redding Competition Bushing Neck Die Sets

Introduction

Thank you for purchasing the Redding Competition Bushing Neck Die Set for 6.5x47mm Lapua. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses, while using the die set.
- Regularly inspect the die set for any signs of damage or wear before each use.
- Do not modify the die set in any way, as this may compromise its safety and effectiveness.
- If you experience any issues while using the die set, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Cartridge Handling:** Always handle cartridges with care. Ensure that they are stored safely and securely when not in use.
- **Neck Sizing Die Usage:**
 - Ensure that the cartridge case is fully supported and aligned with the sizing bushing before sizing.
 - Maintain a firm grip on the die set while operating to prevent slips or accidents.
- **Body Die Usage:**
 - Use the body die only for fulllength resizing. Do not attempt to resize beyond the manufacturer's specifications.
 - Ensure proper alignment of the case to avoid damaging the die or the cartridge.
- **Bullet Seater Usage:**
 - Ensure that the bullet is properly seated before finalizing the loading process.
 - Avoid excessive force when seating bullets, as this can cause damage to the die or the bullet.

Instructions for Installation and Usage

1. Setup:

- Securely mount the die set in a reloading press according to the manufacturer's instructions.
- Ensure that all components are clean and free from debris before installation.

2. Using the Neck Sizing Die:

- Insert the cartridge case into the die and ensure it is properly aligned.
- Adjust the micrometer setting to the desired neck length.
- Operate the press slowly, allowing the die to resize the neck without excessive force.

3. Using the Body Die:

- Place the cartridge case in the body die and ensure it is fully seated.
- Operate the press to resize the body of the case, ensuring that the shoulder is bumped correctly.

4. Using the Bullet Seater:

- Insert the bullet into the case and position it under the seating stem.
- Adjust the seating depth using the micrometer and operate the press to seat the bullet.

5. PostUsage:

- After use, clean the die set thoroughly to remove any residual material.
- Store the die set in a safe, dry place away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you will help ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set. Always prioritize safety and consult professionals when in doubt. Thank you for choosing Redding products.
