

# TYPE S MATCH BUSHING FULL DIE SETS - REDDING 300 NORMA MAGNUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck.

Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

# Consumer Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS REDDING 300 NORMA MAGNUM BUSHING FULL LENGTH DIE SET

## Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This product is designed for precision reloading and is essential for achieving optimal performance in your rifle. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the product out of reach of children and unauthorized users.
- Inspect the die set before use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Store the die set in a safe place when not in use.

## Specific Safety Precautions for Use

- Ensure that the Type S Bushing Full Length Die is properly adjusted before resizing cases.
- Do not exceed the recommended neck tension settings to avoid case damage.
- Always use the Competition Bullet Seating Die with the appropriate bullet type.
- Check the micrometer settings before each use to ensure accuracy.
- Never attempt to modify or alter the die set as this can lead to unsafe conditions.
- Be cautious of hot surfaces or components after use.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Carefully remove the die set from the packaging.
- Inspect each component for damage.
- Install the Type S Bushing Full Length Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth based on the specific case length.

### 2. Using the Type S Bushing Full Length Die

- Select the appropriate bushing for your desired neck tension.
- Insert the case into the die and operate the reloading press to resize the case.
- Regularly check the resized cases for uniformity and correct dimensions.

### 3. Using the Competition Bullet Seating Die

- Set the micrometer to the desired bullet seating depth.
- Place a bullet into the seating stem and insert the case into the die.
- Operate the reloading press to seat the bullet.
- Check the overall length of the loaded round to ensure it meets specifications.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die set in regular household waste.
- Consider recycling options for metal components where applicable.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the manufacturer's customer support or consult the official website for additional resources. Always ensure you have the latest information regarding product recalls and safety alerts.

Thank you for prioritizing safety while using the Redding Type S Match Bushing Full Die Set. Your attention to these guidelines will help ensure a safe and successful reloading experience.
