

COMPETITION BUSHING NECK DIE SETS - REDDING 6.5MM CREEDMOOR COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Attributes

- Name: [REDDING 6.5MM CREEDMOOR COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749017143
- Mfr. No.: 58446

Safety Instruction Guide for Redding Competition Bushing Neck Die Set

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe use of the Redding Competition Bushing Neck Die Set by following these guidelines:
- Always handle the die set with care to avoid injury.
- Keep the die set out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose, which is to resize and prepare rifle cartridges.
- Regularly inspect the die set for any signs of damage or wear.
- If any components are damaged, do not use the die set until they have been replaced.
- Store the die set in a cool, dry place to prevent corrosion or deterioration.

Specific Safety Precautions for Use

- Before using the die set, ensure that you are familiar with the reloading process and safety practices.
- Always wear safety glasses when resizing cartridges to protect your eyes from potential debris.
- Use the die set in a wellventilated area to avoid inhaling any fumes or particles.
- Ensure that your work area is clean and organized to prevent accidents.
- Do not exceed the recommended load limits for your cartridges to avoid dangerous malfunctions.
- Follow the manufacturer's instructions for adjusting the micrometer settings to avoid oversizing or undersizing the neck.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Insert the Competition Bushing Neck Sizing Die into the press as per the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.
- Install the Body Die and Competition Bullet Seater in the same manner.

2. Usage:

- Prepare your cartridge cases by cleaning them thoroughly before resizing.
- Select the appropriate bushing for your cartridge neck size.
- Adjust the micrometer on the neck sizing die to your desired neck length.
- Insert a cartridge case into the die and ensure it is properly aligned.
- Begin the resizing process by operating the reloading press, allowing the cartridge case to move upward into the die.
- After resizing, inspect the cartridge case to ensure it meets your specifications.
- Repeat the process for all cases as necessary, maintaining consistent settings for uniformity.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's website or customer service resources.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set. Always prioritize safety and adhere to best practices to avoid accidents and ensure the longevity of your equipment. Thank you for your attention to these important safety measures.
