# Redding 6.5x47mm Lapua Full Length Die Set

## Safety Instructions

### Introduction

Thank you for choosing the Redding 6.5x47mm Lapua Full Length Die Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this manual carefully before use to understand the risks and precautions associated with this product.

### General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents and injuries.
- Ensure that the workspace is clean, dry, and welllit.
- Keep all reloading tools and materials out of reach of children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, when using reloading tools.
- Familiarize yourself with the reloading process and follow all instructions provided by the manufacturer.
- Always use the die set in accordance with the manufacturer's specifications and guidelines.
- Regularly inspect your die set for any signs of wear or damage before use.

### Specific Safety Precautions for Use

- Ensure that you are using the correct cartridge for the die set (6.5 x 47 mm Lapua).
- Always check that the die is securely fastened to the reloading press before use.
- Do not exceed recommended load limits; refer to reliable reloading manuals for guidance.
- Use only highquality components that are compatible with the die set.
- Avoid distractions while reloading, and do not rush the process.
- If you notice any unusual behavior or performance from the die set, discontinue use immediately and consult the manufacturer.

### Instructions for Installation and Usage

#### 1. Installation:

- Carefully remove the die set from the packaging.
- Inspect the components for any visible damage.
- Secure the full length sizing die into the reloading press according to the manufacturer's instructions.
- Attach the decapping rod assembly and neck expander if applicable.
- Install the seating die with the bullet guide, crimping ring, and seating plug as per the guidelines.

#### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the brass case into the sizing die and operate the reloading press to resize the case.
- Remove the decapping pin to remove the spent primer.
- Expand the neck of the case using the neck expander.
- Charge the case with the appropriate powder charge as per your reloading manual.
- Place a bullet into the case mouth and use the seating die to seat the bullet to the desired depth.
- If necessary, apply crimping using the builtin crimping ring.

## **Disposal Instructions**

- Dispose of any used components, such as spent primers and brass cases, in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash; contact local waste management authorities for proper disposal methods.
- Recycle brass cases where possible to minimize environmental impact.

## **Conclusion**

Following these safety instructions will help ensure a safe and enjoyable reloading experience with your Redding 6.5x47mm Lapua Full Length Die Set. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for your attention to these important safety measures.
