

6.5 CREEDMOOR NATIONAL MATCH TAPER CRIMP DIE - REDDING

6.5 CREEDMOOR NATIONAL MATCH TAPER CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding 6.5mm Creedmoor National Match Taper Crimp Dies were designed for handgun cartridges which headspace on the case mouth in which conventional roll crimping is undesirable. Also available for some revolver and bottleneck rifle cartridges, for those who prefer the uniformity of a taper crimp. Notes: A taper crimp gently tapers tighter and tighter to hold the bullet in place. This doesn't work the case mouth as hard as the roll crimp and it doesn't affect the overall length of the cartridge.

Safety Instruction Guide for Redding 6.5 Creedmoor National Match Taper Crimp Die

Introduction

Thank you for choosing the Redding 6.5mm Creedmoor National Match Taper Crimp Die. This product is designed to enhance your reloading experience by providing a reliable taper crimp for your cartridges. The following safety instructions are provided to ensure your safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that your workspace is clean, organized, and free from distractions.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Inspect the die for any visible damage before use. Do not use if damaged.
- Follow all applicable laws and regulations regarding the use of reloading equipment in your area.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from any potential debris or accidents during the reloading process.
- Use the die only for its intended purpose; do not modify or use it in any other way.
- Ensure that you are using the correct cartridge type (6.5 Creedmoor) with this die to avoid malfunction or accidents.
- Store the die in a secure location when not in use to prevent unauthorized access.
- Be aware of your surroundings and ensure that no one is in close proximity while you are operating the die.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Clean the die and the press mounting surface to remove any dirt or debris.
- Thread the taper crimp die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely but avoid overtightening, which may cause damage.

2. Usage

- Prepare your 6.5 Creedmoor cartridges according to standard reloading procedures.
- Adjust the die to the desired crimp setting before starting the crimping process.
- Insert the cartridge into the press and activate the crimping mechanism.
- Inspect each crimped cartridge to ensure proper seating and crimping.
- If you notice any issues, stop using the die immediately and consult the troubleshooting section of the manual.

Disposal Instructions

- Dispose of any used cartridges and materials in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods for metal and reloading equipment.
- Ensure that all components are disposed of in a manner that prevents environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the use of the Redding 6.5mm Creedmoor National Match Taper Crimp Die, please refer to the official Redding website or consult your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding 6.5 Creedmoor National Match Taper Crimp Die. Thank you for prioritizing safety in your reloading activities.
