## MICRO-ADJUST BULLET SEATING DIE 6.5 CREEDMOOR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We gathered our customers ideas and reloading experience with hand dies, and partnered with the experts who make them, to introduce the new Sinclair/L.E. Wilson Micro-Adjust Bullet Seater. It features easy-adjust seating depth capabilities with a simple turn of the die body. Sinclair/L.E. Wilson Micro-Adjust Bullet Seaters are detent-bearing driven with positive "click" increments of .0005" for fast, accurate bullet seating depth adjustments. Here are the details of construction: Each seater stem is custom fitted to the seater body ensuring close tolerance fit Precision-cut threads allow bullet seating depth adjustment in .0005" increments Graduated scale for repeated use with different bullets and seating depths Micro-Adjust "clicks" via stainless springs and stainless ball bearings Constructed of 416 Stainless Steel with precise, laser-etched adjustment scale Made in the USA by L.E. Wilson with 85 years of inline die experience We feel these dies are the finest available in terms of quality, construction, and performance.

# Safety Instruction Guide for MICROADJUST BULLET SEATERS

## Introduction

Thank you for choosing the Sinclair International 6.5 Creedmoor Bullet Seating Die. This product is designed for precision reloading and to enhance your shooting experience. It is important to follow safety guidelines to ensure safe use and optimal performance. This guide provides essential safety information, usage instructions, and disposal guidelines in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product manual before use.
- Keep this product out of reach of children and vulnerable individuals.
- Use this product only for its intended purpose.
- Inspect the product for any damage before use. Do not use if damaged.
- Store in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for updates on product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are familiar with all components of the bullet seating die before operation.
- Always wear appropriate safety gear, such as safety glasses, when reloading ammunition.
- Handle all reloading components with care to avoid injury.
- Avoid distractions while using the bullet seating die.
- Do not exceed the recommended adjustments for bullet seating depth.
- Ensure that the workspace is clean and organized to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the die is clean and free from debris.
- Secure the die in a reloading press according to the manufacturer's instructions.
- Check that the die is properly aligned before use.

### 2. Adjusting Seating Depth:

- To adjust the seating depth, turn the die body clockwise or counterclockwise as needed.
- Each adjustment will result in a change of .0005 inches, providing precise control.
- Use the graduated scale for repeated use with different bullets and seating depths.

### 3. Seating Bullets:

- Place the bullet into the case mouth and position it under the die.
- Operate the reloading press to seat the bullet into the case.
- Monitor the seating depth using the microadjust feature and make necessary adjustments.

### 4. After Use:

- Clean the die after each use to prevent buildup of residues.
- Store the die in a protective case to avoid damage.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consult local authorities for proper disposal methods for metal and plastic materials.

## **Contact Information for Further Support**

For any safety inquiries or further support related to the MICROADJUST BULLET SEATERS, please refer to the manufacturer's contact information provided in the product documentation.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Sinclair International 6.5 Creedmoor Bullet Seating Die. Thank you for prioritizing safety while using our product.
