

# MICRO-ADJUST VLD SEATING STEMS - SINCLAIR INTERNATIONAL

## MICRO-ADJUST VLD SEATING STEM 30 CALIBER

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

These VLD Seating Stems are made as a direct replacement for the standard stems that come with the Sinclair/L.E. Wilson Micro-Adjust Bullet Seaters. These stems are reamed with a steeper angle and better designed to grip lower on VLD type bullets than the standard stems. For use with VLD Secant, VLD Tangent or Hybrid bullets.

# Safety Instruction Guide for MICROADJUST VLD Seating Stems

## Introduction

Thank you for choosing the MICROADJUST VLD Seating Stems from Sinclair International. These stems are specifically designed to enhance the performance of your reloading setup by providing a precise fit for VLD (Very Low Drag) type bullets. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Handle the seating stems with care to avoid injury from sharp edges.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Ensure that the reloading area is wellventilated and free from distractions.
- Do not exceed the recommended specifications for bullet types and calibers.
- Avoid using the stems with damaged or incompatible equipment.

## Instructions for Installation and Usage

### 1. Installation of VLD Seating Stems:

- Ensure that your Sinclair/L.E. Wilson MicroAdjust Bullet Seater is clean and free of debris.
- Carefully remove the existing standard seating stem from the bullet seater.
- Align the new VLD seating stem with the mounting point and secure it in place, ensuring it is tightly fastened.

### 2. Using the VLD Seating Stems:

- Select the appropriate VLD bullet for your reloading project (VLD Secant, VLD Tangent, or Hybrid).
- Adjust the bullet seating depth according to your specifications.
- Insert the bullet into the seating stem and apply consistent pressure to seat the bullet to the desired depth.
- Regularly check the alignment and seating depth to ensure optimal performance.

### 3. PostUse Care:

- After use, clean the seating stems to remove any residue or debris.
- Store the seating stems in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- Ensure that all packaging materials are recycled or disposed of responsibly.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the MICROADJUST VLD Seating Stems, please reach out to the appropriate contact point in your region for assistance. Always ensure that you have the latest safety information and product updates.

By following these guidelines, you can ensure safe and effective use of your MICROADJUST VLD Seating Stems, enhancing your reloading experience while adhering to safety standards.
