## **MICRO-ADJUST VLD SEATING STEM 6MM**

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

These VLD Seating Stems are made as a direct replacement for the standard stems that come with the Sinclair/L.E. Wilson Micro-Adjust Bullet Seaters. These stems are reamed with a steeper angle and better designed to grip lower on VLD type bullets than the standard stems. For use with VLD Secant, VLD Tangent or Hybrid bullets.

# Safety Instruction Guide for MICROADJUST VLD Seating Stems

## Introduction

Thank you for choosing the MICROADJUST VLD Seating Stems from Sinclair International. These stems are designed as a direct replacement for the standard stems that come with Sinclair/L.E. Wilson MicroAdjust Bullet Seaters. This guide provides essential safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your specific needs and compatible with your equipment.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for wear and tear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Handle the VLD Seating Stems with care to avoid injury.
- Ensure that the seating stems are properly installed before use.
- Avoid using the product with incompatible bullets or equipment to prevent malfunction.
- Maintain a clean working environment to minimize risks associated with debris or clutter.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, during installation and use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the bullet seating equipment is turned off and unplugged before installation.
- Remove the standard stems from the Sinclair/L.E. Wilson MicroAdjust Bullet Seater.
- Carefully insert the MICROADJUST VLD Seating Stems into the designated slot.
- Secure the stems in place according to the manufacturer's instructions.

### 2. Usage:

- Select the appropriate VLD bullet type (Secant, Tangent, or Hybrid) for use with the seating stems.
- Adjust the seating depth according to your reloading specifications.
- Conduct a test seating to ensure proper alignment and depth.
- Monitor the seating process closely to avoid any misalignment or damage.

## Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for local recycling programs or hazardous waste disposal sites.
- Ensure that all materials are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any questions or concerns regarding the MICROADJUST VLD Seating Stems, please refer to the contact details provided by your retailer or the manufacturer. They will assist you with any safety inquiries or productrelated issues.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your MICROADJUST VLD Seating Stems. Always prioritize safety and compliance with local regulations while using this product. Thank you for choosing Sinclair International.
