

BUSHING FULL LENGTH DIES - L.E. WILSON 22-250 REMINGTON BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instructions for BUSHING FULL LENGTH DIES L.E. WILSON 22250 REMINGTON BUSHING FULL LENGTH SIZING DIE

Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 22250 REMINGTON BUSHING FULL LENGTH SIZING DIE. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this manual thoroughly before use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating this product.
- Keep the work area clean and well-lit to prevent accidents.
- Store the die in a dry place away from moisture and extreme temperatures.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all local laws and regulations regarding reloading and firearm usage.

Specific Safety Precautions for Use

- Do not exceed recommended load specifications when using this die.
- Ensure that the die is securely mounted on the reloading press before use.
- Avoid placing hands or fingers near moving parts during operation.
- Keep the die out of reach of children and unauthorized users.
- Always double-check that the die is properly set up before starting the reloading process.
- If any unusual sounds or malfunctions occur during operation, stop immediately and inspect the die.

Instructions for Installation and Usage

1. Installation:

- Securely attach the die to a standard 7/8ths reloading press.
- Ensure that the die is tightened properly to prevent movement during operation.
- Adjust the decapping rod to the desired depth before starting.

2. Usage:

- Place a clean, empty case into the reloading press.
- Operate the press to size the case neck and body simultaneously.
- After sizing, remove the case and inspect for proper sizing.
- Store the die in its protective case when not in use to prevent damage.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Consider recycling options for metal components if available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer or authorized dealer. Ensure that you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective reloading experience with the BUSHING FULL LENGTH DIES L.E. WILSON 22250 REMINGTON BUSHING FULL LENGTH SIZING DIE. Thank you for your attention to safety.
