

BUSHING FULL LENGTH DIES - L.E. WILSON 6MM BR NORMA

BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 6MM BR NORMA

Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 6MM BR NORMA. This guide provides essential safety instructions and usage recommendations to ensure your safety and the effective operation of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with all components of the die and their functions before use.
- Always wear appropriate safety gear, including eye protection, when operating reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Do not use the die for any purpose other than its intended use.
- Follow all local laws and regulations regarding ammunition reloading and safety practices.
- Store the die in a secure location, out of reach of children and unauthorized individuals.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only compatible reloading components with the BUSHING FULL LENGTH DIES.
- Ensure that the die is properly installed on the reloading press before use.
- Do not attempt to modify the die or its components in any way.
- Inspect the die for any signs of wear or damage before each use. Replace any damaged parts immediately.
- Make sure the reloading press is stable and securely mounted before operating the die.
- Do not overload the die beyond its specified limits to avoid malfunction and accidents.
- Always keep hands and body clear of the die's moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Securely mount the reloading press on a stable surface.
- Attach the BUSHING FULL LENGTH DIE to the reloading press by screwing it into the standard 7/8th inch reloading press size.
- Ensure that the die is tightened properly to prevent any movement during operation.

2. Usage:

- Prepare your cases by cleaning and inspecting them for any damage.
- Insert the case into the die, ensuring it is seated properly.
- Adjust the depth of the decapping rod as needed for your specific case dimensions.
- Operate the reloading press to size the case neck and body simultaneously.
- After sizing, remove the case from the die and inspect it for proper sizing and any defects.

3. After Use:

- Clean the die and remove any debris or residue.
- Store the die in a dry and secure location to prevent rust and damage.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw the product in regular household waste. Check with local authorities for proper disposal methods for metal and steel products.

Contact Information for Further Support

For any inquiries or support regarding the BUSHING FULL LENGTH DIES L.E. WILSON 6MM BR NORMA, please refer to the manufacturer's website or customer support resources available in your region.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BUSHING FULL LENGTH DIES L.E. WILSON 6MM BR NORMA. Thank you for your attention to these important safety guidelines.
