

BUSHING FULL LENGTH DIES - L.E. WILSON 6.5-284 NORMA BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 6.5284 NORMA

Introduction

Thank you for purchasing the BUSHING FULL LENGTH DIES L.E. WILSON 6.5284 NORMA. This guide provides essential safety instructions and usage information to ensure safe and effective use of this product. Please read all sections carefully before using the die.

General Safety Guidelines

- Always ensure the die is properly installed and secured before use.
- Keep the die and all related components out of reach of children and pets.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Use the die only for its intended purpose as specified in this guide.
- Wear appropriate safety gear, including safety glasses, while reloading.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from improper handling or use.
- Risk of damage to the die if used with incompatible components.

• Avoiding Hazards:

- Always follow the manufacturer's instructions for installation and use.
- Ensure that the reloading press is compatible with the die specifications.
- Avoid using excessive force during operation to prevent injury and damage.

• Age Restrictions:

- This product is intended for use by individuals aged 18 years and older. Ensure that minors are supervised when using this product.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die into a standard 7/8ths reloading press.
- Adjust the decapping rod to the desired depth before use.
- Ensure that the die is properly aligned with the press before securing it.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it is seated properly.
- Operate the reloading press according to the manufacturer's instructions.
- Adjust the neck tension by changing the interchangeable bushing as needed.
- After sizing, remove the case carefully to avoid any injury.

3. PostUsage:

- Clean the die after each use to maintain performance and longevity.
- Store the die in a dry, secure location away from children.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs that accept metal components.

Contact Information for Further Support

For any safety inquiries or concerns about this product, please refer to the manufacturer's contact information or visit their official website for support resources.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your BUSHING FULL LENGTH DIES L.E. WILSON 6.5284 NORMA. Thank you for prioritizing safety in your reloading practices.
