

# **BUSHING FULL LENGTH DIES - L.E. WILSON 284 WINCHESTER**

## **BUSHING FULL LENGTH SIZING DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# **Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 284 WINCHESTER BUSHING FULL LENGTH SIZING DIE**

## **Introduction**

Thank you for choosing the L.E. Wilson Bushing Full Length Sizing Die for your reloading needs. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the die.

## **General Safety Guidelines**

- Ensure that you are familiar with the safe handling and use of reloading equipment.
- Always wear safety glasses when using reloading equipment to protect your eyes from debris.
- Keep your workspace clean and organized to avoid accidents.
- Store the die in a safe location, out of reach of children and pets.
- Use the die only for its intended purpose as described in this manual.
- Regularly inspect the die for any signs of wear or damage before use.

## **Specific Safety Precautions for Use**

- Handle the die with care to avoid dropping or damaging it.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended specifications for case sizing.
- Avoid using the die if it appears to be damaged or malfunctioning.
- Follow all manufacturer guidelines and recommendations for the use of interchangeable bushings.
- Keep hands and clothing clear of moving parts during operation.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the reloading press is clean and free of debris.
- Insert the bushing full length sizing die into the press's die holder.
- Tighten the die securely using the provided lock nut. The lock nut thickness is .225" from the inside to the outermost edge.
- Adjust the decapping rod to the required depth for your cases.

### **2. Usage:**

- Prepare your cases by ensuring they are clean and free of any obstructions.
- Insert the case into the die, ensuring it is properly aligned.
- Pull the press handle smoothly to size the case neck and body simultaneously.
- After resizing, remove the case and inspect it for any defects.
- Repeat the process for additional cases, ensuring the die settings remain consistent.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, check for local recycling programs that accept metal products.
- Ensure that any packaging materials are recycled or disposed of properly.

## Contact Information for Further Support

For any inquiries regarding safety, product usage, or support, please refer to the manufacturer's contact details provided with the product packaging or on the manufacturer's website. Always ensure you have the correct information for your region.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the L.E. Wilson Bushing Full Length Sizing Die. Always prioritize safety and adhere to best practices when reloading. Thank you for choosing L.E. Wilson products. Happy reloading!
