

# BUSHING FULL LENGTH DIES - L.E. WILSON 30 BR BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 30 BR

## Introduction

Thank you for choosing the Bushing Full Length Dies L.E. Wilson 30 BR. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this document carefully before using the die to ensure proper operation and to minimize risks.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, while using reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Do not modify the product in any way, as this may compromise safety and performance.
- Store the die in a dry and secure location when not in use.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Handling:** Always handle the die with care. Avoid dropping or mishandling it to prevent damage.
- **Installation:** Follow the installation instructions closely to avoid accidents or malfunctions.
- **Neck Sizing:** Be aware that this die is designed to leave 3/16" at the bottom of the case neck unsized, which is a preferred practice for many shooters. Ensure that you understand how this affects your reloading process.
- **Decapping Rod:** The adjustable depth decapping rod should be set correctly to avoid excessive force during operation.
- **Interchangeable Bushings:** Use only compatible bushings, preferably L.E. Wilson Neck bushings. Ensure that Redding bushings fit correctly if used.
- **Cleaning:** Regularly clean the die according to the manufacturer's instructions to maintain performance and safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the Bushing Full Length Die into the reloading press according to the manufacturer's specifications.
- Adjust the die to the desired depth for neck sizing.
- Install the adjustable depth decapping rod, ensuring it is secured properly.

### 2. Usage:

- Prepare your cases by cleaning them thoroughly before sizing.
- Insert the case into the die and ensure it is properly aligned.
- Apply steady and even pressure on the press handle to size the case.
- After sizing, remove the case carefully to avoid any injury.
- Inspect the sized cases for any defects before proceeding with the reloading process.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all materials are disposed of safely to minimize environmental impact.
- Do not throw the product in regular household waste. Instead, follow your local recycling guidelines for metal products.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the manufacturer directly. Ensure you have the product details ready for a more efficient response.

By following this guide, you will help ensure safe and effective use of the Bushing Full Length Dies L.E. Wilson 30 BR. Always prioritize safety and consult the manufacturer for any questions or concerns.
