# Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This guide provides essential safety instructions to ensure the proper and safe use of the product. Please read this document carefully before using the die to avoid any potential hazards and to enhance your reloading experience.

## General Safety Guidelines

- Ensure that all safety measures are followed when using the bullet seater die.
- Always wear appropriate safety gear, including eye protection, while reloading.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The die is designed for use with an Arbor Press. Ensure the press is compatible.
- Improper use can lead to personal injury or damage to the equipment.

### • Avoiding Hazards:

- Do not exceed the recommended bullet seating depths.
- Avoid using the die with incompatible cartridges.
- Always follow the manufacturer's specifications and guidelines.
- Do not modify the die or use it for unintended purposes.

### • Age and Audience Specific Warnings:

- This product is intended for adult use only. Keep it away from children.

## Instructions for Installation and Usage

### • Installation:

- Ensure your Arbor Press is on a stable surface.
- Securely attach the L.E. Wilson Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's guidelines.
- Make sure that the die is properly aligned and tightened before use.

### • Usage:

- Set the micrometer top to the desired bullet seating depth using the scale in 0.001" increments.
- Insert the cartridge case into the die and ensure it is seated correctly.
- Apply even pressure using the Arbor Press to seat the bullet.
- After use, carefully remove the cartridge from the die and inspect the bullet seating depth for accuracy.

- If testing at the range, ensure that the die and press are securely transported to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options or special disposal services in your area.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the product packaging or visit the manufacturer's website for contact details.

Thank you for your attention to these safety instructions. Enjoy your reloading experience safely and responsibly!
