L.E. Wilson Micrometer Top Bullet Seater Die

Safety Instructions

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This product is designed for precision bullet seating, enhancing your reloading experience. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die for any damage before use. Do not use if damaged.
- Use the die only with compatible Arbor Press equipment.
- Always wear appropriate safety gear, including eye protection, when reloading.
- Be aware of your surroundings and ensure you are in a safe environment when using the die.

Specific Safety Precautions for Use

- Ensure the Arbor Press is securely mounted and stable before use.
- Adjust the micrometer top slowly and carefully to avoid sudden changes in bullet seating depth.
- Do not exceed the recommended bullet seating depth specified for your cartridge.
- Avoid using excessive force during operation to prevent damage to the die or injury.
- Always keep your hands clear of the die during operation to prevent pinching or injury.
- Store the die in a safe, dry place when not in use to prevent corrosion or damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that your Arbor Press is properly set up and stable.
- Attach the L.E. Wilson Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.
- Verify that the die is securely fastened before proceeding.

2. Usage:

- Set the desired bullet seating depth using the micrometer top. Adjust in increments of 0.001 inches for precision.
- Place a bullet and a cartridge case into the die and apply pressure using the Arbor Press.
- Monitor the bullet seating depth closely, making adjustments as necessary.
- Once the desired seating depth is achieved, remove the cartridge case from the die.
- Repeat the process for additional cartridges, ensuring consistent depth.

Disposal Instructions

- Dispose of the die according to local regulations for metal products.
- Do not dispose of in regular household waste.
- Consider recycling the die if it is no longer usable.

Contact Information for Further Support

For any safety inquiries or support related to the L.E. Wilson Micrometer Top Bullet Seater Die, please consult the product packaging for contact information or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your L.E. Wilson Micrometer Top Bullet Seater Die. Thank you for your attention to safety.
