# Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This guide provides important safety information and instructions for the safe use of this product. Please read this guide carefully to ensure safe operation and optimal performance.

## General Safety Guidelines

- Ensure that all users are familiar with the product and its operation before use.
- Always follow the manufacturer's instructions for use and maintenance.
- Use the die only for its intended purpose: bullet seating for the 28 Nosler cartridge.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- In case of any malfunction or unusual operation, cease use immediately and consult a qualified technician.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the die.
- Ensure that the Arbor Press is securely mounted and stable before using the die.
- Avoid using excessive force when adjusting the micrometer to prevent damage to the die.
- Keep hands and body clear of the die's moving parts during operation.
- Do not attempt to modify or disassemble the die, as this may compromise safety and functionality.
- Be aware of the potential risks associated with reloading ammunition, including the handling of gunpowder and primers.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Arbor Press on a stable work surface.
- Attach the L.E. Wilson Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.

### 2. Usage:

- Set the desired bullet seating depth using the micrometer scale, adjusting in increments of 0.001 inches.
- Insert the bullet into the die and ensure it is positioned correctly.
- Operate the Arbor Press to seat the bullet, applying steady and even pressure.
- After seating, check the bullet depth with a caliper to ensure accuracy.
- Repeat the process as necessary for additional rounds.

## Disposal Instructions

- Dispose of the die in accordance with local regulations for metal products.
- Do not dispose of in regular household waste.
- If the die is damaged beyond use, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please consult the manufacturer's website or contact their customer support for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the L.E. Wilson Micrometer Top Bullet Seater Die. Your safety is paramount, and we encourage you to adhere to all recommended practices. Thank you for your attention to safety and for choosing our product.
