# Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This product is designed to provide reloaders with precise bulletseating depths. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the bullet seater die in accordance with the manufacturer's instructions.
- Ensure that the die is compatible with your Arbor Press before use.
- Store the die in a dry, cool place to prevent rust and damage.
- Keep out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use protective eyewear when operating the bullet seater die to prevent eye injuries.
- Ensure that your workspace is clean and free of distractions while using the die.
- Do not exceed the recommended bulletseating depths as specified in your reloading manual.
- Avoid using the die if it appears damaged or malfunctioning.
- Always follow safe reloading practices, including working in a wellventilated area and keeping flammable materials away.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your Arbor Press is securely mounted and stable.
- Carefully insert the L.E. Wilson Micrometer Top Bullet Seater Die into the Arbor Press.
- Tighten the die securely according to the manufacturer's specifications.

### 2. Usage:

- Adjust the micrometer top to the desired bulletseating depth using the scale in 0.001" increments.
- Place the bullet and case into the die and operate the Arbor Press to seat the bullet.
- Check the bulletseating depth after each adjustment to ensure accuracy.
- If you need to test seating depth at the range, ensure that the die and press are transported safely.

## Disposal Instructions

- Dispose of the die in accordance with local regulations concerning metal products.
- Do not dispose of the die in regular household waste.
- If the die is damaged beyond repair, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the manufacturer's contact information provided with the product.

Thank you for your attention to these safety guidelines. Proper use and care of the L.E. Wilson Micrometer Top Bullet Seater Die will ensure its longevity and effectiveness in your reloading process.
