

22 NOSLER PREMIUM BRASS - 22 NOSLER BRASS 100/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

22 NOSLER PREMIUM BRASS Nosler® Premium Brass is designed for those who want to take finding the perfect load into their own hands. Fully prepped and ready to load, we've gone ahead and done the meticulous case prep work for you. Each piece is chamfered, deburred, checked for proper alignment, sized and trimmed to proper length. The brass is then hand-inspected to ensure exact dimensional standards and tolerances are met, allowing for maximum accuracy and consistency. Serving shooters time after time without sacrificing performance, Nosler® Premium Brass is made with quality materials for optimum case life and unmatched reloadability. Nosler takes a few extra steps with their brass to make it a premium component for the handloader. The brass is first weigh-sorted to within + or - 0.5 grains, then the flash holes are deburred. Nosler completes the case prep with neck sizing and chamfering the inside and outside of the case mouth. All Nosler unprimed brass bears the Nosler headstamp. FEATURES Fully prepped, ready to load. Case mounts chamfered and deburred Hand-inspected and weight-sorted Flash holes are deburred and checked for proper alignment Full length sized and trimmed to proper length

Safety Instruction Guide for 22 Nosler Brass

Introduction

Thank you for choosing Nosler 22 Nosler Brass. This guide provides important safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the brass and keep it for future reference.

General Safety Guidelines

- Ensure that you understand the risks associated with reloading ammunition.
- Use this product only for its intended purpose: reloading 22 Nosler cartridges.
- Always wear appropriate safety gear, including eye and ear protection, when reloading ammunition.
- Keep this product out of reach of children and unauthorized users.
- Regularly check for updates regarding product recalls or safety warnings through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Inspect each piece of brass before use to ensure it is free from defects.
- Do not use damaged or improperly sized brass, as this can lead to dangerous malfunctions.
- Follow all reloading guidelines and specifications provided by reputable sources.
- Ensure that your reloading equipment is in good working condition and suitable for the brass you are using.
- Store brass in a cool, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary reloading tools and components, including powder, primers, and projectiles.

2. Inspecting Brass:

- Check each case for signs of wear, such as cracks or deformities.
- Make sure the flash holes are deburred and properly aligned.

3. Reloading Process:

- Resize the brass using a fulllength sizing die.
- Trim the brass to the proper length if necessary.
- Chamfer and deburr the case mouth to facilitate bullet seating.
- Weigh each case to ensure consistency.

4. Loading:

- Carefully follow reloading data from reliable sources.
- Load powder and projectiles according to specified measurements.
- Ensure that all components are securely seated and that there is no excess powder.

5. Final Inspection:

- After loading, inspect each cartridge to ensure it meets safety standards.
- Store completed cartridges in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Do not throw brass in regular trash; consider recycling options.
- Follow local guidelines for hazardous materials if applicable.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to your local authority or consult the EU's Safety Gate platform for further assistance.

Thank you for prioritizing safety while using Nosler 22 Nosler Brass. Your adherence to these guidelines helps ensure a safe and enjoyable reloading experience.
