

## 33 NOSLER PREMIUM BRASS - 33 NOSLER BRASS 25/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

33 NOSLER PREMIUM BRASS Nosler® Premium Brass is designed for those who want to take finding the perfect load into their own hands. Fully prepped and ready to load, we've gone ahead and done the meticulous case prep work for you. Each piece is chamfered, deburred, checked for proper alignment, sized and trimmed to proper length. The brass is then hand-inspected to ensure exact dimensional standards and tolerances are met, allowing for maximum accuracy and consistency. Serving shooters time after time without sacrificing performance, Nosler® Premium Brass is made with quality materials for optimum case life and unmatched reloadability. Nosler takes a few extra steps with their brass to make it a premium component for the handloader. The brass is first weigh-sorted to within + or - 0.5 grains, then the flash holes are deburred. Nosler completes the case prep with neck sizing and chamfering the inside and outside of the case mouth. All Nosler unprimed brass bears the Nosler headstamp. FEATURES Fully prepped, ready to load. Case mounts chamfered and deburred Hand-inspected and weight-sorted Flash holes are deburred and checked for proper alignment Full length sized and trimmed to proper length

# Safety Instruction Guide for Nosler 33 Nosler Brass

## Introduction

Thank you for choosing Nosler 33 Nosler Brass. This guide provides essential safety instructions to ensure safe handling and use of the product. Please read this guide carefully before using the brass to prevent accidents and ensure compliance with safety regulations.

## General Safety Guidelines

- Ensure safe handling of all brass cases to prevent injury.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Always follow local regulations regarding ammunition components.
- Check for recalls and safety updates on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Inspect each piece of brass before use for any signs of damage or defects.
- Avoid using brass that shows signs of corrosion, cracks, or deformities.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling brass.
- Keep brass out of reach of children and pets.
- Do not modify or alter the brass in any way that could affect its integrity or safety.

## Instructions for Installation and Usage

### 1. Preparation for Loading

- Ensure that your reloading area is clean and organized.
- Gather all necessary tools and materials before starting the loading process.

### 2. Inspecting Brass

- Visually inspect each piece of Nosler 33 Nosler brass for any defects.
- Ensure that the flash holes are deburred and properly aligned.

### 3. Loading Process

- Follow the recommended load data specific to the 33 Nosler cartridge.
- Use a reliable scale to measure powder charges accurately.
- Seat bullets to the proper depth according to specifications.

### 4. Final Inspection

- After loading, inspect each round for consistency in appearance and weight.
- Store loaded ammunition in a safe, secure location.

## Disposal Instructions

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Do not discard brass in regular household waste.

- Consider recycling options for spent brass cases.

## **Contact Information for Further Support**

For additional support or inquiries regarding safety, please refer to the appropriate contact points provided by your local authority or the retailer from whom you purchased the product. Always ensure that you have access to the latest safety information and guidelines.

By following these safety instructions, you can ensure a safe and enjoyable experience with Nosler 33 Nosler Brass. Thank you for your attention to safety and compliance.
