# Safety Instruction Guide for Starline .308 Winchester Brass

## Introduction

Thank you for choosing Starline .308 Winchester brass cases. This guide provides essential safety instructions and guidelines to ensure your safe and effective use of this product. Please read this document carefully before using the brass cases.

## General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading ammunition before using this product.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while handling brass cases.
- Keep brass cases out of reach of children and unauthorized persons.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect brass cases for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use only the recommended reloading components and follow the manufacturer's specifications for reloading.
- Do not exceed the maximum load limits specified for .308 Winchester cartridges.
- Ensure that your reloading equipment is in good working condition and suitable for use with .308 Winchester brass.
- Avoid using brass cases that show signs of deformation, cracks, or other damage.
- Handle all reloaded ammunition with care, treating it as potentially dangerous.

## Instructions for Installation and Usage

### 1. Preparation for Reloading:

- Gather all necessary reloading equipment and components, including powder, primers, and projectiles.
- Ensure your workspace is clean and organized.

### 2. Inspect the Brass Cases:

- Check each brass case for cleanliness and integrity.
- Remove any debris or foreign objects from the cases.

### 3. Resize and Deprime:

- Use a resizing die to resize the brass cases to the appropriate dimensions.
- Depress the cases using a depriming die.

### 4. Clean the Brass Cases:

- Clean the cases using a suitable brass cleaning solution or tumbler to remove any residue.

### 5. Prime the Cases:

- Insert the appropriate primers into the priming pockets of the brass cases.

## 6. Charge the Cases with Powder:

- Measure and pour the correct amount of powder into each case, following load data from reliable sources.

## 7. Seating the Bullets:

- Seat the bullets to the specified overall length using a bullet seating die.

## 8. Final Inspection:

- Inspect each reloaded cartridge for any defects before use.

## Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.
- If you have any spent primers or powder residues, follow local hazardous waste disposal guidelines.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the use of Starline .308 Winchester brass cases, please reach out to your local retailer or manufacturer's support.

## Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and enjoyable reloading experience with Starline .308 Winchester brass cases. Always stay informed about safety updates and product recalls to maintain compliance with the EU General Product Safety Regulation.
