

358 WINCHESTER BRASS - STARLINE 358 WINCHESTER BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

New Brass for an Old Winchester Cartridge

The Starline .358 Winchester brass ensures that fans of this mid-20th century cartridge introduction will have fresh cartridge cases for their favorite round. The Starline .358 Winchester brass is available due to the growing trend of chambering short-action AR-10 rifles in the .358 Winchester cartridge. The round provides users with a bit more power than the popular .308 Winchester. Brass is reloadable for multiple uses Comes in quantities of 100 Ships in loosely packed bags The Starline .358 Winchester brass is guaranteed to provide consistent performance, having been made by a company with more than 40 years of experience in cartridge manufacturing.

Safety Instruction Guide for Starline .358 Winchester Brass

Introduction

Thank you for choosing Starline .358 Winchester Brass. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before handling or using the brass.

General Safety Guidelines

- Ensure that all safety precautions are followed when using ammunition components.
- Always handle brass and ammunition with care to prevent accidents.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Keep brass out of reach of children and unauthorized individuals.
- Familiarize yourself with local laws and regulations regarding ammunition and reloading practices.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Do not exceed recommended load data when reloading .358 Winchester cartridges.
- Inspect brass for signs of damage or wear before use. Discard any damaged or deformed cases.
- Ensure that your firearm is in good working order and properly maintained before use.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components for reloading.
- Ensure your workspace is clean and free from distractions.

2. Inspection:

- Check each brass case for cleanliness and integrity.
- Remove any debris or residue from the inside and outside of the brass.

3. Reloading:

- Follow the reloading manual for the .358 Winchester cartridge for specific load data.
- Carefully insert primers and powder according to the instructions provided in your reloading manual.

4. Seating Bullets:

- Seat the bullets to the recommended overall length for the .358 Winchester cartridge.
- Ensure that the bullet is securely seated to avoid any issues during firing.

5. Final Inspection:

- Conduct a final inspection of the completed rounds to ensure they meet safety standards.
- Store completed ammunition in a designated, secure location.

Disposal Instructions

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Do not throw brass in regular trash. Instead, consider recycling options available in your area.
- Follow local guidelines for the disposal of hazardous materials if applicable.
