

# 243 WINCHESTER BRASS - STARLINE 243 WINCHESTER BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

## Tailor-Made for Consistency

Starline .243 Winchester brass is tailor-made to provide hunters and shooters with the best-quality brass cases on the market, ensuring that they can fine-tune loads for their guns without worrying about the consistency of the case. The Starline .243 Winchester brass is made for one of the most popular cartridges on the U.S. market. The .243 Winchester made its introduction in 1955 and has since become a widely used round for both hunting and competition shooting. Can be reused for multiple reloads. Sells in quantities of 100 or 500. Ships in loosely-packed bags. Starline .243 Winchester brass is sure to provide the performance that shooters need, with construction done by a company with over 40 years of experience in the cartridge-manufacturing world.

# Safety Instruction Guide for Starline .243 Winchester Brass

## Introduction

Thank you for choosing Starline .243 Winchester brass. This product is designed to provide highquality brass cases for hunting and shooting activities. It is important to follow safety guidelines to ensure the safe use of this product.

## General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding the use of ammunition and reloading supplies in your area.
- Always handle brass and ammunition with care to prevent accidents and injuries.
- Store brass in a cool, dry place away from direct sunlight and moisture to maintain its quality.
- Regularly inspect brass for signs of damage or wear before use.
- Keep brass and all reloading supplies out of reach of children and pets.

## Specific Safety Precautions for Use

- Use only .243 Winchestercompatible components when reloading.
- Follow the recommended load data provided by reputable sources to avoid overloading.
- Wear appropriate safety gear, including safety glasses and gloves, when handling brass and ammunition.
- Do not exceed the recommended number of reloads for brass cases to prevent failures.
- Avoid using brass that shows signs of excessive wear, such as splits or cracks.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary tools and components for reloading.

### 2. Inspecting Brass:

- Check each piece of brass for cleanliness and integrity.
- Discard any damaged or worn brass.

### 3. Reloading Process:

- Follow the reloading manual for your specific equipment.
- Use appropriate dies and tools for resizing and priming the brass.
- Fill the brass with the correct amount of powder based on load data.

### 4. Seating Bullets:

- Carefully seat bullets to the recommended depth for your load.
- Ensure that bullets are securely seated to prevent movement during handling.

### 5. Final Inspection:

- Inspect loaded cartridges for overall quality and consistency.
- Store completed cartridges in a safe and secure location.

## Disposal Instructions

- Dispose of used or damaged brass in accordance with local regulations.
- Do not dispose of brass in regular household trash.
- Consider recycling brass to help reduce environmental impact.

## Contact Information for Further Support

For safety inquiries or additional support regarding the use of Starline .243 Winchester brass, please refer to the contact information provided on the product packaging or visit our website for more resources.

**Note:** Always stay informed about product recalls and safety updates through reliable sources. Report any unsafe products or incidents to the appropriate authorities.
