# Safety Instruction Guide for Starline 300 AAC Blackout Brass

## Introduction

Thank you for choosing Starline 300 AAC Blackout brass. This product is designed for reloading ammunition for the popular AR15 platform. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle ammunition components with care to prevent accidents.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Ensure that your workspace is clean and free from distractions while reloading.
- Keep reloading materials out of reach of children and unauthorized individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear safety glasses and hearing protection when reloading ammunition.
- Inspect brass for any signs of damage, such as cracks or dents, before use.
- Do not exceed recommended load specifications when reloading.
- Use only components that are compatible with 300 AAC Blackout cartridges.
- Follow the reloading manual's guidelines for powder types and weights.
- Ensure your firearm is in good working condition and properly maintained.

## Instructions for Installation and Usage

- Before reloading, ensure that you have all necessary tools and equipment, including a reloading press, dies, and powder measure.
- Clean the brass thoroughly before reloading to remove any dirt or residue.
- Resize the brass using appropriate dies to ensure proper fit in your firearm.
- Prime the brass using a reliable priming tool, ensuring that primers are seated correctly.
- Measure and dispense the correct amount of powder into each case, using a calibrated powder measure.
- Seat the bullet firmly into the case, ensuring it is at the correct overall length as specified in your reloading manual.
- After reloading, label your ammunition clearly with load data for future reference.

## Disposal Instructions

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Never discard live ammunition or components in regular trash.
- Contact local authorities or waste disposal services for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Starline 300 AAC Blackout brass, please refer to your retailer or manufacturer. Ensure you have the product details at hand for efficient assistance.

By following these safety instructions, you can enjoy reloading with confidence and ensure the safety of yourself and others. Thank you for choosing Starline.
