# Safety Instruction Guide for Starline 300 AAC Blackout Brass

## Introduction

Thank you for choosing Starline 300 AAC Blackout Brass. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read this guide carefully before use and keep it for future reference.

## General Safety Guidelines

- Ensure safe handling and use of all brass components.
- Be aware of potential risks associated with reloading ammunition.
- Always follow local laws and regulations regarding ammunition and firearms.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection, when reloading or shooting.
- Inspect brass cases for damage or defects before use. Do not use damaged brass.
- Follow safe reloading practices, including using the correct powder and charges for the 300 AAC Blackout cartridge.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Do not exceed the recommended load specifications for the 300 AAC Blackout cartridge.

## Instructions for Installation and Usage

### 1. Preparation for Reloading

- Gather all necessary tools and materials, including reloading press, dies, powder, primers, and projectiles.
- Ensure your workspace is clean and organized.

### 2. Inspecting Brass

- Check each brass case for signs of wear, cracks, or other damage.
- Discard any brass that does not meet safety standards.

### 3. Reloading Process

- Follow the reloading manual specific to the 300 AAC Blackout cartridge for accurate measurements.
- Carefully seat the primer and ensure it is properly secured.
- Measure and add the appropriate amount of powder.
- Seat the projectile to the correct depth as specified for the 300 AAC Blackout.

### 4. Final Inspection

- Inspect each completed round for proper assembly and safety.
- Store completed ammunition in a secure, labeled container.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Follow proper hazardous waste disposal guidelines for any materials that may be considered hazardous.
- Do not dispose of brass or ammunition in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Starline 300 AAC Blackout Brass, please consult the product packaging or visit the manufacturer's website for further assistance.

Thank you for prioritizing safety and responsible use of your Starline 300 AAC Blackout Brass.
