

# **BUSHING BUMP NECK DIE KITS - FORSTER PRODUCTS, INC. 22-250 REMINGTON BUSHING BUMP NECK DIE KIT**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Thanks to the Forster Bushing Bump Neck Die Kits, precision reloaders can now finely control the amount of tension put on the necks of their cartridges. Each of these sizing-die kits includes a hand-polished sizing die that perfectly matches the caliber of your firearm, as well as three hand-selected bushing sizes that are picked by Forster staff themselves. Each of the bushings are finely machined to a smooth internal finish. Available calibers in the Forster Bushing Bump Neck Die Kits are .284 Winchester, 6.8 SPC and 6mm Creedmoor.

# Safety Instruction Guide for Bushing Bump Neck Die Kits

## Introduction

Thank you for choosing the Bushing Bump Neck Die Kit from Forster Products, Inc. This product is designed for precision reloaders who wish to control the tension on the necks of their cartridges. To ensure safe and effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Ensure that the product is used only by individuals who are familiar with reloading processes and firearms.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Ensure that all tools and equipment are in good working condition before use.
- Store the die kit in a safe place, out of reach of children or unauthorized users.
- Be aware of your local laws and regulations regarding reloading and the use of firearms.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of the die kit may result in injury or damage to property.
- Ensure that the bushing sizes match the specifications of your firearm to prevent malfunctions.

### • Avoiding Hazards:

- Do not force the die into the press; ensure it is properly aligned.
- Always check the condition of the brass before resizing to avoid injury.
- Never exceed the recommended load data for your cartridges.
- Be cautious of the sharp edges of the die and bushings during handling.

### • Age Specific Warnings:

- This product is intended for adult use only. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Clean the die and bushings with a soft cloth to remove any debris.
- Securely mount the sizing die into your reloading press according to the manufacturer's instructions.
- Select the appropriate bushing size based on your cartridge specifications.

### 2. Usage:

- Prepare your brass by cleaning and inspecting it thoroughly.
- Insert the brass into the die and apply consistent pressure while resizing.
- After resizing, check the neck tension to ensure it meets your requirements.
- Store the bushing and die in their designated containers after use.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local waste disposal regulations.
- Do not throw away the product in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the use of the Bushing Bump Neck Die Kit, please contact the designated EUbased support team. Always ensure you have the product details ready when seeking assistance.

By following these safety instructions, you can ensure a safer reloading experience with the Bushing Bump Neck Die Kit. Always prioritize safety and stay informed about best practices in reloading.
