

BUSHING BUMP NECK DIE KITS - FORSTER PRODUCTS, INC. 300 WINCHESTER MAGNUM BUSHING BUMP NECK DIE KIT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Thanks to the Forster Bushing Bump Neck Die Kits, precision reloaders can now finely control the amount of tension put on the necks of their cartridges. Each of these sizing-die kits includes a hand-polished sizing die that perfectly matches the caliber of your firearm, as well as three hand-selected bushing sizes that are picked by Forster staff themselves. Each of the bushings are finely machined to a smooth internal finish. Available calibers in the Forster Bushing Bump Neck Die Kits are .284 Winchester, 6.8 SPC and 6mm Creedmoor.

Safety Instruction Guide for Bushing Bump Neck Die Kits

Introduction

Thank you for choosing the Forster Bushing Bump Neck Die Kit for 300 Winchester Magnum. This guide provides essential safety instructions to ensure the safe use of this product. Please read this manual thoroughly before using the die kit.

General Safety Guidelines

- Ensure safe handling and usage of the die kit to prevent accidents.
- Always use the die kit in a wellventilated area to avoid inhalation of any particles.
- Keep the die kit and all components out of reach of children and unauthorized users.
- Be aware of potential hazards, including sharp edges and moving parts.
- Regularly inspect the die kit for any signs of wear or damage before use.
- Follow all local regulations regarding the use and disposal of reloading equipment.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die kit.
- Do not modify the die kit or its components in any way.
- Use the die kit only for its intended purpose—reloading cartridges for the specified caliber.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Avoid distractions while using the die kit to maintain focus and safety.
- If you experience any discomfort or adverse reactions while using the die kit, stop immediately and seek assistance.

Instructions for Installation and Usage

1. Unpacking the Kit

- Carefully remove the die kit from its packaging.
- Verify that all components are present: sizing die and three bushings.

2. Setting Up the Die Kit

- Secure the sizing die in your reloading press according to the manufacturer's instructions.
- Select the appropriate bushing size based on your reloading needs.
- Insert the chosen bushing into the sizing die, ensuring a snug fit.

3. Reloading Process

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert a cartridge case into the sizing die and apply even pressure to resize the neck.
- Remove the resized cartridge case and check for proper dimensions.
- Repeat the process for additional cases, changing bushings as necessary.

4. PostUse Care

- Clean the die kit and its components after use to remove any debris.
- Store the die kit in a safe, dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the die kit or its parts in regular trash; check for recycling options where applicable.
- If unsure about disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For assistance or inquiries regarding the Forster Bushing Bump Neck Die Kit, please contact the manufacturer or visit their official website for further support.

Thank you for prioritizing safety while using your Forster Bushing Bump Neck Die Kit. Your careful attention to these guidelines will help ensure a safe and enjoyable reloading experience.
