

# BUSHING BUMP NECK DIE KITS - FORSTER PRODUCTS, INC. 6.5 CREEDMOOR BUSHING BUMP NECK DIE KIT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Thanks to the Forster Bushing Bump Neck Die Kits, precision reloaders can now finely control the amount of tension put on the necks of their cartridges. Each of these sizing-die kits includes a hand-polished sizing die that perfectly matches the caliber of your firearm, as well as three hand-selected bushing sizes that are picked by Forster staff themselves. Each of the bushings are finely machined to a smooth internal finish. Available calibers in the Forster Bushing Bump Neck Die Kits are .284 Winchester, 6.8 SPC and 6mm Creedmoor.

# BUSHING BUMP NECK DIE KITS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Forster Bushing Bump Neck Die Kit for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that you are familiar with the proper handling and operation of reloading equipment.
- Always wear appropriate safety gear, including eye protection, when reloading.
- Keep the work area clean and organized to avoid accidents.
- Store the die kit and all reloading components out of reach of children and unauthorized users.
- Regularly inspect your equipment for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The use of reloading equipment involves risks such as accidental discharge, injury from sharp tools, and exposure to lead and other chemicals.

- **Avoiding Hazards:**

- Always ensure that the firearm is unloaded before using the die kit.
- Use the die kit only for the specified caliber: 6.5 Creedmoor.
- Follow the manufacturer's instructions for use and maintenance.
- Do not exceed recommended loads when reloading ammunition.
- Ensure proper ventilation when working with reloading materials to avoid inhalation of harmful substances.

- **Audience Specific Warnings:**

- This product is not intended for use by individuals under the age of 18 unless supervised by a qualified adult.

## Instructions for Installation and Usage

1. **Preparation:**

- Gather all necessary tools and materials for reloading.
- Ensure your work area is welllit and free from distractions.

2. **Installation:**

- Secure the sizing die in your reloading press according to the manufacturer's guidelines.
- Select the appropriate bushing size for your needs and insert it into the die.

3. **Usage:**

- Begin the reloading process by following these steps:
  - Resize the cartridge case using the sizing die.
  - Check the dimensions of the neck tension with the appropriate tools.
  - Make adjustments as necessary by changing the bushing.
  - Complete the reloading process as per your specific requirements.

#### **4. Post Use:**

- Clean the die and bushings after each use to maintain their performance.
- Store the die kit in a safe, dry location.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management authority for guidance on safe disposal of hazardous materials.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety, please refer to the manufacturer's website or customer service resources. Ensure that you have the product information readily available when seeking support.

Thank you for prioritizing safety while using the Forster Bushing Bump Neck Die Kit. Your attention to these guidelines will help ensure a safe and enjoyable reloading experience.
