

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 6.5 CREEDMOOR BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5 CREEDMOOR BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749017793

Safety Instructions for BENCH REST® SEATER DIES

Introduction

Thank you for choosing the BENCH REST® SEATER DIES by Forster Products, Inc. This product is designed for reloading ammunition with precision and safety. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the BENCH REST® SEATER DIES by following the instructions outlined in this guide.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall occurs, follow the instructions provided for returning or disposing of the product.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when using this product around children. Keep all reloading equipment out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided by the seller or manufacturer.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading dies and ammunition.
- Ensure the workspace is clean, dry, and wellventilated to prevent accidents.
- Keep all tools and materials organized to avoid confusion and potential hazards.
- Never leave the reloading area unattended while working.
- Be aware of your surroundings and ensure that no unauthorized persons are present in the reloading area.
- Do not use the BENCH REST® SEATER DIES for any purpose other than intended reloading applications.

Instructions for Installation and Usage

- **Installation:**

1. Ensure the reloading press is securely mounted and stable.
2. Carefully read the manufacturer's instructions for your specific reloading press model.
3. Install the BENCH REST® SEATER DIE according to the press manufacturer's guidelines.
4. Tighten the locking ring securely, ensuring the die is positioned correctly.

- **Usage:**

1. Before starting, ensure all components (cases, bullets, and seating stem) are compatible with the 6.5 Creedmoor cartridge.
2. Adjust the die to the desired seating depth by following the manufacturer's recommendations.
3. Insert a case into the die, ensuring it is properly aligned.
4. Place a bullet on top of the case and lower the seating stem to seat the bullet.
5. Inspect the completed round for proper seating and alignment.
6. Repeat the process for each round, maintaining attention to detail and safety.

Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations for hazardous waste.
- Do not discard reloading materials in regular trash.
- Ensure that all components are stored in a safe place until disposal.

Contact Information for Further Support

For any questions or concerns regarding the BENCH REST® SEATER DIES, please refer to the contact details provided by the retailer or manufacturer. It is important to reach out for assistance if you encounter any issues or have safety concerns.

By following these safety instructions, you can enjoy a safe and effective reloading experience with the BENCH REST® SEATER DIES. Thank you for prioritizing safety in your reloading practices.
